

<p><b>Money</b></p> <p>Ask an adult if you can look in their purse or wallet. Which coins can you find? How much are they worth? What notes can you find? How much is there altogether?</p> <p>What coins could you use to make 10p?</p> 	<p><b>Fractions</b></p> <p>Practice halving and quartering shapes and groups of objects.</p> 	<p><b>Measures</b></p> <p>Measure different objects in your house. Name the longest and shortest object in centimetres (cm). Select 5 different objects and order them from the largest to the smallest..</p> 	<p><b>Calculations</b></p> <p>Learning times tables</p> <p>2x , 5x, and 10x tables</p> <p>Practise these time tables using your times table card. Remember to exchange your timetable card for a new one once you have learnt it!</p> <p>Challenge - learn the corresponding division facts e.g. <math>2 \times 5 = 10</math>  <math>10 \div 5 = 2</math>  <math>10 \div 2 = 5</math></p> <p>Play this game to test your knowledge!  <a href="http://www.arcademics.com/games/grand-prix/grand-prix.html">http://www.arcademics.com/games/grand-prix/grand-prix.html</a></p>
<p><b>Problem solving</b></p> <p>How many different combinations of the rainbow can you draw?</p> 	<p><b>Time</b></p> <p>What time do you wake up? When does the school day begin? What time is home time? How many hours are there in a day? How many minutes are there in an hour? How many minutes are there in a quarter of an hour?  <a href="https://www.mathsisfun.com/time-clocks.html">https://www.mathsisfun.com/time-clocks.html</a></p> <p>Create a poster showing the times of your daily activities.</p> 	<p><b>Shapes</b></p> <p>Go on a 2D shape hunt around your house. Draw a table to record the different shapes that you have found. Where can you find a semicircle or an oval shape?</p> 	<p><b>Number bonds</b></p> <p>Try and find different ways to make 10 and 20. Play a game with an adult or friend at home for the different number bonds.</p> <p>If I say 20 you say....?  <math>10 + ? = 20</math></p>
