

Year 3 Project Homework

Title: Active Planets

This homework has been set from week beginning 10th September 2018.

The homework project is due in on Thursday 27th September 2018.

For this project homework, can you please select one or more activities below and complete them. You will present what you have found out to the rest of your class. Please ask for whatever paper you need from your teacher during the homework project.

This homework project is for the whole family to get involved with and we would encourage children to get help completing any of the activities.

Find out about volcanoes throughout history.	Create a magma chamber out of recyclable materials.	Find out if there are any active, dormant or extinct volcanoes in the UK. and where?	Find out about where there are tectonic plate boundaries.
Keep a weather diary recording the weather each day.	Write a letter to an imaginary 'pen pal' about what the weather is like in London.	Draw and label a picture of a volcano in its natural surroundings.	Draw a map from your house to your favourite holiday activity (e.g. Victoria Park, Olympic Park, playground etc) and explain why you like visiting it.

Free choice: Pick a project of your own to complete. Remember it has to be about our topic 'Volcanoes' or your holiday.
