Home Learning Activities

Year 2 - Spring 2

<p>Money</p> <p>Ask an adult if you can look in their purse or wallet. Which coins can you find? How much are they worth? Which notes can you find? How much is there altogether? Order the notes from largest to smallest, then from smallest to largest.</p>	<p>Fractions</p> <p>Practise halving and quartering a group of objects e.g. sharing sweets, toys, stones etc.</p> <p>Challenge - find half or quarter of amounts of money.</p>	<p>Time</p> <p>Practise telling the time to the nearest 5 minutes. Keep a time journal of when wake up, have breakfast, lunch, dinner, go to bed? etc Is it the same time each day?</p>  <p>http://www.teachingtime.co.uk/draggames/sthecl.html</p>	<p>Calculations</p> <p>Learning times tables</p> <p>7x, 3x, 5x and 8x</p> <p>Practise these time tables using your times table card. Remember to exchange your timetable card for a new one once you have learnt it!</p> <p>Challenge - learn the corresponding division facts e.g.</p> <p>$80 \div 8 = 10$ $15 \div 5 = 3$</p>
<p>Measure</p> <p>Talk with an adult about all of the units of measure you know e.g. cm, m, l, ml, g, kg. Where can you find these units of measure in your home?</p> <p>Find five different objects and place them in order from heaviest to lightest.</p> 	<p>Shapes</p> <p>Go on a 2D shape hunt in your house. Make a tally sheet.</p> <p>Which shape is most common?</p> 	<p>Using and Applying - problem solving</p> <p>How many different combinations of coins are there to make 10p?</p>	<p>Number facts</p> <p>Revise your number facts - pairs of numbers to ten and twenty.</p>
