

## **Safeguarding Statement**

At Osmani, we are committed to promoting the safety and welfare of all our pupils, staff and visitors.

As part of this commitment, we have a legal responsibility to inform Social Care of any child protection concerns relating to children who attend our school.

In the majority of cases, a member of staff will contact you to discuss this and if necessary any subsequent referral to Social Care.

Please be aware that you may not be contacted in advance of a referral if it is felt that this could place a child at risk of 'significant harm'.

We appreciate your support in this matter.
