

Reach For The Stars

Inclusion Policy

Our Motto
★ **Reach for the Stars**

Vision Statement

Our vision is to develop an inclusive school, which promotes and achieves excellence, and continues to nurture the values, confidence and skills of pupils, staff and the community, in order to meet the emerging opportunities of the 21st century.

Our vision and values support Articles 2, 12, 15, 19, 24, 27, 28, 29, 31 of the United Nations Convention on the Rights of a Child.

Articles 2/12: We respect the right to be listened to and listen to others.

Articles 19/24: We respect the right to feel safe at school and help others feel safe.

Article 28: We respect the right to learn and let others enjoy their learning.

Articles 15/31: We respect the right to join in and be part of a team.

Article 29: We respect the right to develop our potential and to do it with a growth mindset.

Article 27: We respect the right to look after our own and others property

Our Values

- ★ **Striving**
- ★ **Teamwork**
- ★ **All Included**
- ★ **Responsibility**
- ★ **Success**

★ **Striving**

Our aim is that we are a school that:

- **uses our Growth Mind-set (learning from mistakes and always willing to have a go)**
- **never gives up and always find ways of improving**
- **enjoys challenges and aims high**

★ **Teamwork**

Our aim is that we are a school that:

- **encourages and supports each other to be the best we can be**
- **learns from each other**
- **listens to and respects each other's ideas**

★ **All Included**

Our aim is that we are a school that:

- **has high expectations of everyone**
- **encourages everyone to take an active part in learning and life of our school**

Created 2014

Review date Summer 2017

- nurtures and celebrates what makes each and every one of us unique

★ Responsibility

Our aim is that we are a school that:

- **takes ownership of the choices we make**
- **takes ownership/charge of our own learning**
- **looks after each other and our school**

★ Success

Our aim is that we are a school that:

- **provides an education that encompasses academic, creative, social, emotional, physical and cultural development.**
- **celebrates our efforts and achievements.**

Equal Opportunities and the Single Equality Scheme

We believe that all those who work in Osmani - children and adults - have the right to be treated fairly and with respect by everyone connected with the school.

We aim for Osmani to be a safe, supportive place, where all children and adults feel valued as individuals, whatever their **ability, age, disability, gender identity, marriage or civil partnership, pregnancy & maternity, race, religion or belief, sex and sexual orientation.**

The school aims to foster the social and personal skills of co-operation, sharing and mutual respect.

Policy for Inclusion

Rationale:

Osmani Primary School is committed to providing an appropriate and high quality education to all children. We believe that all children, including those identified as having special educational needs have a common entitlement to a broad and balanced academic and social curriculum, which is accessible to them, and to be fully included in all aspects of school life.

We believe that all children should be equally valued in school. We will strive to eliminate prejudice and discrimination, and to develop an environment where all children can flourish and feel safe. Osmani has a separate SES (Single Equality Scheme and Community Cohesion Policy that make explicit our response to statutory duties and our commitment to enabling all members of our community to be treated fairly and enabled to be included in all aspects of school life.

Osmani is committed to inclusion. Part of the school's strategic planning for improvement is to develop cultures, policies and practices that include all learners. We aim to engender a sense of community and belonging, and to offer new opportunities to learners who may have experienced previous difficulties.

This does not mean that we will treat all learners in the same way, but that we will respond to learners in ways which take account of their varied life experiences and needs.

Our Single Equality Scheme makes clear that we do not locate any barriers to learning within the child but rather we ensure that we constantly consider what reasonable adjustments we can make

Created 2014

Review date Summer 2017

to our environment, curriculum and teaching to enable children to make progress. We track and observe all learners and ensure that particular groups are given appropriate attention:

- girls and boys, men and women
- minority ethnic and faith groups,
- Travellers, asylum seekers and refugees
- learners who need support to learn English as an additional language (EAL)
- learners with special educational needs
- learners who are disabled
- those who are gifted and talented
- those who are looked after by the local authority or are known to social care
- those who have medical needs
- those who are young carers
- any learners who are at risk of disaffection and exclusion
- children who have suffered a bereavement

This policy describes the way we meet the need of children who experience barriers to their learning, which may relate to sensory or physical impairment, learning difficulties or emotional or social development, or may relate to factors in their environment, including the learning environment they experience in school.

We recognise that pupils learn at different rates and that there are many factors affecting achievement, including ability, emotional state, age and maturity. We are particularly aware of the needs of our Foundation Stage and KS1 pupils, for whom maturity is a crucial factor in terms of readiness to learn. We believe that many pupils, at some time in their school career, may experience difficulties which affect their learning, and we recognise that these may be long or short term. We also ensure that children who are at risk of under achievement, for whatever reason, are not labelled as SEN but rather the factors causing the underachievement are identified and actions taken to address them. Similarly, we do not let socio economic factors to be used as an excuse for underachievement, but seek to address any trends to ensure children are able to progress. At Osmani we aim to identify these needs as they arise and provide teaching and learning contexts which enable every child to achieve to his or her full potential.

SEND Policy

The SENCO is responsible for coordinating all the support for students with special educational needs and/or disabilities (SEND) and developing the school's SEND Policy to ensure all students get consistent, high quality teaching to meet their needs in school.

SENCO: Penny Seymour
Deputyhead and member of the SLT
Contact details: deputyhead@osmani.towerhamlets.sch.uk
Completed National Award for SEN (NASENCo award)

Compliance

This policy complies with the statutory requirement laid out in the SEND Code of Practice 0 – 25 (September 2014) 3.65 and has been written with reference to the following guidance and documents:

- Equality Act 2010: advice for schools DfE Feb 2013

Created 2014

Review date Summer 2017

- SEND Code of Practice 0 – 25 (September 2014)
- Statutory Guidance on Supporting pupils at school with medical conditions April 2014
- The National Curriculum in England Key Stage 1 and 2 framework document Sept 2013
- Safeguarding Policy 2014
- Accessibility Plan 2014-2017
- Teachers Standards 2012
- This policy was created by the school's SENCO with the SEN Governor in liaison with the SLT, all staff and parents of pupils with SEND.

SEND Information and Guidance

Definition of special educational needs (SEN).

- a) 'A child or young person has special educational needs if he or she has a learning difficulty or disability which calls for special educational provision to be made for him or her.
- b) A child of compulsory school age or a young person has a learning difficulty or disability if he or she—
 - i. has a significantly greater difficulty in learning than the majority of others of the same age, or
 - ii. Has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.
- c) A child under compulsory school age has a learning difficulty or disability if he or she is likely to be within subsection (2) when of compulsory school age (or would be likely, if no special educational provision were made).
- d) A child or young person does not have a learning difficulty or disability solely because the language (or form of language) in which he or she is or will be taught is different from a language (or form of language) which is or has been spoken at home.' **(Child and Families Act 2014 s20)**

Definition of a disability (D)

- A person has a disability if -
physical or mental impairment, and

the impairment has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities.' **(Equality Act 2010 s6)**

Section 1: Aims

School Vision statement:

Our purpose is to develop an inclusive school, which promotes and achieves excellence, and continues to nurture the values, confidence and skills of pupils, staff and the community, in order to meet the emerging opportunities of the 21st century.

Created 2014

Review date Summer 2017

We believe that all children, including those identified as having special educational needs and disabilities, have a common entitlement to a broad and balanced academic and social curriculum (which is accessible to them) and to be fully included in all aspects of school life.

We believe that all teachers must have high expectations for the progress and attainment of all pupils in their class. High quality teaching must be the first response to meeting the needs of all children including those who have or may have SEND.

All staff must use their best endeavours to meet the needs of all children in the school including those with SEND. This includes early identification of SEND; quality teaching targeted at their needs and evaluation of the teaching and learning to ensure progress is being made for children with SEND.

Objectives

1. To identify and provide for pupils who have SEN and additional needs
2. To work within the guidance provided in the SEND Code of Practice 2014
Approach to management and provision
3. To provide a SENCo (Special Educational Needs Coordinator who will work within the SEND policy guidelines
4. To provide support and advice for all staff working with pupils with Special Educational Needs.

Section 3: Identification of Special Educational Needs or Disabilities.

There are four broad areas that give an overview of the difficulties a pupil may have. However it is important to note that a pupil's needs may cross one or more of the following:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health difficulties
- Sensory and/or physical needs

At Osmani we understand that behaviour is not a category for SEN. As a school we need to understand the behaviours as a response to an underlying need and identify appropriate support and provision.

We identify the needs of a child, by considering the needs of the whole child which may include, pastoral or mental health needs as well as SEN.

We will also consider what may not be a SEN but may impact on progress.

- Disability (COP 2014 outlines the reasonable adjustment duty for all schools and provided under the current Disability Equality legislation, these alone do not constitute a SEN)
- Attendance and Punctuality
- Health and welfare
- EAL
- Being in receipt of Pupil Premium
- Being a child who is looked after CLA
- Being a child of a serviceman or servicewoman

The SEN Code of Practice (2014) describes a 'graduated response' to identifying and removing barriers to learning in order to put effective special education provision in place.

The school's system for regularly observing, assessing and recording the progress of **all** children is used to identify children who are not progressing at the expected rate and who may have additional needs.

We also ensure that children who are at risk of under achievement, for whatever reason, are not labelled as SEN but rather the factors causing the underachievement are identified and actions taken to address them.

How children are identified as having SEND at Osmani.

Step 1

All children are assessed 4 times year as part of the school assessment cycle.

- Data and information is gathered through: teacher assessment, standardised tests, observations, parent consultations, pupil discussions, work scrutinies.
- The data is then rigorously analysed in Pupil Progress Meetings (PPMs) with CTs and SLT.
- Children who have not made progress or are not at age expected levels are identified for further discussion.
- Parents may raise any concerns about their child's progress with their class teacher or SENCO
- The SENCO may be alerted to newly arising concerns outside the assessment cycle meetings, through the **SEN Referral Form**. This form will be completed by the class teacher and must include evidence of both the concern and what strategies have already been put in place to support the child. It will be discussed within a week.

Step 2

For some children further action is needed.

- For any pupil identified as not making the expected progress or not meeting the age related expectations, their results are analysed at Strategy Meeting with SLT, Core TLLs and the Interventions Manager.
- Provision for these children is identified and the class teachers must provide high quality teaching targeted at their areas of weakness, a differentiated curriculum and appropriate aids and resources. Some out-of-class targeted and time bound 'Catch up' intervention may be put in place.
- Pastoral care support may be identified for children who have barriers to their learning.

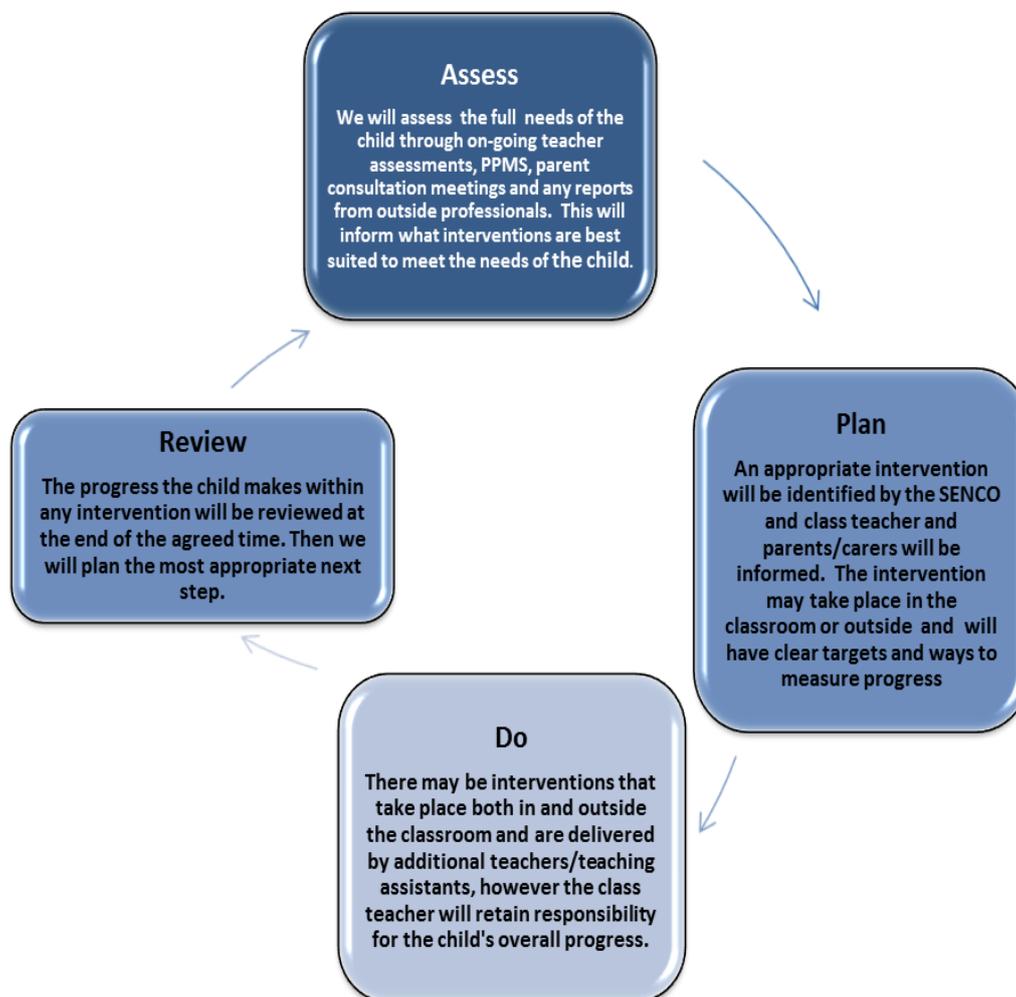

Step 3

For a few children

- Where a pupil continues to make inadequate progress despite; high quality teaching targeted at their areas of weakness, differentiated curriculum, appropriate aids and resources, then the class teacher working with the SENCO, will assess whether the child has a **significant learning difficulty**.
- If there is an agreement about SEN support- at this point the child would be placed on the SEN register. The school will consider whether they have provision in school or whether to seek advice, assessment or support from external agencies to ensure appropriate provision is put in place.
- A child will go straight on to the SEN register if prior to the child attending school, SEND has been identified. The school will seek advice from external agencies to ensure apt provision is put in place.
- If the child is identified as underachieving, further investigations will be made.
- SEN and CTs meet termly to review the progress and attainment levels of all children on the SEND register and plan further provision.
- If the child is identified as underachieving, further investigations will be made.

Where a child is identified as having SEN, SEN support in school is provided through a **Graduated Approach Cycle** that is based on four types of action; Assess, Plan, Do, Review.

Graduated Approach Cycle

This four part cycle ensures earlier decisions and actions are revisited, refined and revised with a growing understanding of the child's needs and what supports the child to attain well and make good progress.

Created 2014

Review date Summer 2017

Recording the Plan for children on the SEND register.

Actions and targets agreed during the planning part of the Graduated Approach Cycle will be recorded on a child's One Page Profile (OPP) These are written by the class teacher and the SENCO in consultation with parents and the child. The targets are time bound and measurable.

Section 4: Managing children on the SEND register

Once a child has been identified as having SEND, the school will put in place additional educational provision. This may be long or short-term dependent upon the nature of the special need and the progress made by the pupil.

For children identified with SEN and with high levels of need, and where provision cannot be provided by the school, we will draw on the expertise of outside agencies to further assess, identify and plan provision for the children's special educational needs.

- The Educational Psychologist visits the school regularly following discussion with the SENCO as to the purpose of each visit.
- The Support for Learning Service is accessed by the SENCo when a need for assessment, additional support, advice as been identified. Specialist, direct teaching from this service is used where we do not have the necessary in-house expertise - for example, Specific Literacy Difficulties.
- Teachers from the Sensory Impairment Team work in school to support children, both with and without Statements, who have vision or hearing impairment. The specialist teachers work directly with children where this is indicated on a Statement. Class teachers plan alongside these specialist teachers who also attend and contribute to Annual Reviews and targets for the child's One Page Profile.
- The SENCo liaises frequently with a number of other outside agencies and will refer when the school is unable to meet the provision.
- Additional support is given by the HSLO and Learning Mentor to complete the referral forms, CAFs etc. in order to access the services of the
 - School Nurse
 - Speech Therapy
 - Physiotherapy
 - Occupational Therapy
 - Educational Psychologist
 - Language and Communication teachers
 - Behaviour Support team
 - CAMHs
 - Social Services
 - Education Welfare Service
 - Side by Side therapists

Parents/carers are informed if any outside agency is involved.

Created 2014

Review date Summer 2017

School request for a statutory assessment

For a child who is not making adequate progress, despite a period of support at Tier 2 and 3, (see below) and in agreement with the parents/carers, the school may request the LEA to make a statutory assessment in order to determine whether it is necessary to make an Education Health and Care Plan. (EHCP)

The school is required to submit evidence to the LEA whose weekly Moderation of Assessments Panel makes a judgment about whether or not the child's need can continue to be met from the resources normally available to the school. This judgment will be made using the LA's current criteria for making a statutory assessment.

Planning, provision, monitoring and review processes continue as before while awaiting the outcome of the request.

Statement of Special Educational Needs or EHC Plan

Pupils with a statement of educational needs (pre September 2014) or an Education Health and Care Plan (post September 2014) will have access to all arrangements for pupils on the SEN list (above) and, in addition to this, will have an Annual Review of their statement/plan.

Our school will comply with all local arrangements and procedures when applying for an Education Health and Care Plan (EHCP) and will ensure that all pre-requisites for application have been met through ambitious and pro-active additional SEN Support using our devolved budget at an earlier stage.

Our review procedures fully comply with those recommended in Section 6.15 of the Special Educational Needs Code of Practice (2014) and with LEA policy and guidance - particularly with regard to the timescales set out within the process.

Provision for children with SEND

All children in Osmani will be provided with **Tier One** provision which consists of high quality differentiated teaching in the classroom targeted at children's needs. This may include pre-teaching concepts and vocabulary in small groups, instructions simplified, wordbanks, number lines and now and next boards for children who are lower achievers or children with SEND. Teacher must also provide challenging work for higher achievers. Additional interventions and support cannot compensate for a lack of good quality teaching. Class teachers are responsible for the progress of all children in their class including children with SEND. Staff working in the class must have high expectations for the progress and attainment of all children including those with SEND.

Some children may receive **Tier 2** interventions where the child is just below their expected levels and require a catch up programme in order to plug any gaps they may have in their learning. Sometimes these take place in the classroom or outside the classroom e.g. 1st Class at Numbers, Early Literacy Support, (ELS) The progress children make in interventions is expected to be rapid and accelerated. Progress is monitored by the Class teacher, the adult leading the intervention and SLT,

Created 2014

Review date Summer 2017

during Pupil Progress Meetings. If emotional, social or mental health issues are identified, children may be referred for support from the Pastoral Care team. This support may be in-class support, outside of class with the learning mentor.

If a pupil has not made the required progress then the appropriate referral will be made to outside professional support. The class teacher is responsible for the progress of all children in the class, even those who are receiving interventions outside of the class with a support CT or TA.

A few children may receive **Tier 3** interventions. These are for children who are significantly below their expected age levels and require specialist provision. This could be from specialist teachers in school e.g. Reading Recovery, Numberscount, or from external agencies for example the Support for Learning service, Occupational Therapists or Speech Therapists or where there are barriers to learning, from the Side by Side therapy team. These specialists may work one to one with the child, in small groups or may train up members of staff to run the programmes. Some children on p levels will have a more personalised programme of provision within school and may have 1:1 support of an LSA. The class teacher is responsible for the progress of all children in the class, even those who are receiving interventions outside of the class or those who have 1:1 LSA support in class.

In order to provide a broad balanced and adapted curriculum for children with complex SEN, they will have an Individual Provision Map to ensure all their provision needs are met.

The school regularly assesses and reviews the teaching in the school to ensure teaching is of high quality and targets the needs of all children. The review of teaching is carried out through formal observations three times a year, weekly drop ins from HOPs and Phase Managers, learning walks undertaken by TLLs and whole school book scrutinies. Through the reviewing process, SLT will identify where improvements are needed including; developing teachers' understanding of strategies to identify and support vulnerable children, and their knowledge of the most common SEN.

Provision Mapping

All Tier 2 and Tier 3 provision is listed on the school's provision map. Data is gathered from SEN reviews and Pupil Progress meetings and is analysed by the SENCo and Interventions Manager. This enables the school to identify where the greatest areas of need are and to offer the best provision to meet the needs. .

Appropriate and effective provision is bought in from specialist services where school staff are unable to offer this, e.g. Specialist Literacy teacher.

One Page Profiles (OPP)

All children on the SEND register have **One Page Profiles**

- One-page profiles are created for children with SEND, with input from the child. They provide a summary of who the child is, and can be used to share information between home and school to ensure that the child gets the right support in order to achieve well.
- It captures all the important information about the child on a single sheet of paper under three simple headings; what people like and admire about me, what's important to me and how best to support me.
- It also lists the current interventions and a summary of the SEND review with parents.
- Children with EHCPs have One Page Profiles that include their Annual review targets.

Learning Passports

All children with complex SEND and an LSA have a 'learning passport' to ensure consistently for adults supporting and teaching these children.

Section 5: Criteria for exiting the SEN register

Where specific planned provision has been successful and accelerated progress has been made so that the pupil is working within national expectations, then the child will be removed from the SEN register. Their name will remain on the Provision Map- under the category 'Monitoring' for year to ensure the progress is sustained. The child's progress will continued to be reviewed at SEN reviews for the following year.

Section 6: Supporting Pupils and families

The school aims to work in partnership with parents and carers. We do so by:

Created 2014

Review date Summer 2017

- An 'open-door' policy, where parents and carers are welcome to come into school to discuss any concerns they may have
- Guiding our parents towards our SEND school information report (Website and Appendices) and to the LEA Local offer.
- Giving parents and carers opportunities to play an active and valued role in their child's education and instilling confidence that the school will listen and act appropriately
- involving parents in the drawing-up and monitoring progress against the child's targets
- Encouraging parents and carers to inform school of any difficulties they perceive their child may be having or other needs the child may have which need addressing
- Parents/carers meet with the SENCo and class teacher three times a year. These meetings will provide regular opportunities to discuss concerns and progress and to update further information from home (one Page Profiles) in order to support the child more effectively. Parents/carers are able to make other appointments on request.
- keeping parents and carers informed and giving support during assessment and any related decision-making process
- Working effectively with all other agencies supporting children and their parents
- making parents and carers aware of the Parent Advice Centre services available as part of the Local Offer.
- providing all information in an accessible way, including, where necessary, translated information for parents with English as an Additional Language.
- Make parents aware they are entitled to ask the Local Authority to conduct an Education, Health and Care (EHC) needs assessment. If it is felt that this is necessary the LA will follow the statutory guidelines and produce a ECH Plan.

Involvement of Pupils

We recognise that all pupils have the right to be involved in making decisions in discussions about the best way to support them. All pupils are involved in monitoring and reviewing their progress through peer and self-assessment in class and through their target sheets.

We endeavour to fully involve all pupils by encouraging and supporting them to:

- identify their own learning needs
- share in individual target setting so that they understand what their targets are and why they have them,

Created 2014

Review date Summer 2017

- self-review their progress and set new targets with their class teacher during pupil conferences (4 times a year)
- for children with EHCPs - to monitor and celebrate their success at their Annual Reviews and to contribute to their new targets.

Section 7: Supporting Pupils at School with Medical Conditions
(See separate Medical Needs and Medical Administration Policy)

Section 8: Monitoring and Evaluation of SEND

The progress of children with SEND will be assessed and reviewed through:

- 1:1 conferences with classteachers during the 4 assessments points during the year which form part of the school's assessment cycle (Pupil voice)
- Rigorous analysis of pupil data on attainment and progress in Pupil Progress Meetings (PPMs) with CTs and SLT.
- Half termly evaluation of the effectiveness of interventions on the provision map (in relation to the progress of each pupil)
- Results are analysed at Strategy Meeting with SLT, Core TLLs and the Interventions Manager and effectiveness of each intervention is analysed.
- Termly evaluation during SEN reviews between the classteacher and SENCo, as to whether children on the SEND register are meeting their individual targets on their One Page Profiles
- Annual review of Statements/Education Health and Care Plans are prescribed in the SEND Code of Practice (September 2014)

Monitoring of policy

This policy will be monitored through; planning, book scrutiny, lesson observations, moderation meetings, drop in by the SLT, learning walks, focus groups, end of unit assessments as well as keeping abreast of national policy changes.

Section 9: Training and resources

SEND provisions are funded through, Notional SEND budget to provide high quality provision for SEND children. In addition school receives top up funding for children with statements and EHC plans and Pupil Premium.

The Headteacher, SENCo and governing body establish a clear strategic plan for SEN funding based on the needs of the children in the school identified through the Provision map.

- Training needs of staff and the school are identified through the School Development Plan, the Appraisal Cycle and Individual Pupil Needs for example, a Teaching Assistant trained to deliver sensory activities for children with Autism.
- All teachers and support staff will undertake induction on taking up a post so that they understand the structures, systems and practice within the school
- The SENCo will liaise with the Assistant head for CPD who co-ordinate SEND CPD for staff where necessary.
- The SENCo will continue accessing the training for the NASENCo Award
- The school has links with many agencies e.g. Phoenix Outreach Service for children with Autism, and works closely with the Educational Psychologists who provide a consultative

Created 2014

Review date Summer 2017

model and can support training.

Section 10: Roles and responsibilities

Class teacher

- Must have high expectations for the progress and attainment of all children in their class including those with SEND.
- Ensures all children, including those with SEND, have access to a broad and balanced curriculum differentiated to meet their needs.
- Provides high quality differentiated teaching in the classroom targeted at children's needs.
- Provides challenging work for higher achievers.
- Is responsible for the progress of all children in their class including children with SEND who may be receiving interventions within or outside the classroom.
- Ensures there is adequate opportunity for pupils with special educational needs to working on agreed targets which are genuinely "additional to" or "different from" those normally provided as part of the differentiated curriculum offer and strategies".
- Ensures effective deployment of additional adults and of resources to maximise outcomes for all groups of vulnerable learners.
- Assess children 4 times a year and identify those making slow progress or those below age expectations
- Identify children with the most common SENs and alert the SENCo via the SEN referral form.
- Liaise with the intervention TAs and teachers on a regular basis
- Liaise with LSAs in the last 30 mins of their PPA to discuss planning for children with complex SEND
- **Liaises with the SENCO to agree :**
 - which pupils in the class are SEN and need to be placed on the SEN register
 - which pupils are underachieving but do not have special educational needs.
 - which pupils require additional support because of SEN and identify the intervention needed
 - contribute to the targets for children with One Page profiles
 - meet with parents of children with SEND 3 times a year
 - contribute to Annual Reviews and 8 week planning meetings.

Special Educational Needs Coordinator

In line with the recommendations in the SEN Code of Practice 2014, the SENCO will oversee the day-to-day operation of this policy in the following ways:

- maintenance and analysis of whole-school provision map for vulnerable learners
- identifying on the whole school provision map, a tiered list of pupils with special educational needs – those in receipt of additional SEN Element 2, and those with statements of Special Educational Need or Education Health and Care plans
- co-ordinating provision for children with special educational needs
- liaising with and advising teachers
- managing other classroom staff involved in supporting children with SEN and vulnerable learners

Created 2014

Review date Summer 2017

- overseeing the records on all children with Special Educational Needs
- contributing to the in-service training of staff
- implementing a programme of Annual Review for all pupils with an statement of special educational need. Complying with requests from an Education Health and Care Plan Coordinator to participate in a review
- carrying out referral procedures to the Local Authority to request an Education Health and Care Plan
- overseeing the smooth running of transition arrangements and transfer of information for Year 6 pupils on the SEN register or pastoral care register to their secondary school.
- For new arrivals on the SEND register, the SENCO will liaise with previous school's SENCOs to obtain necessary information to ensure a smooth transition and high quality provision is in place.
- For children on the SEND register, leaving at a mid-point, the SENCO will liaise with the receiving school to ensure a smooth transition and high quality provision is in place.
- Monitoring the school's system for ensuring that One Page Profiles are used as working documents for planning high quality targeted teaching in the classroom and are being reviewed and evaluated.
- Liaising ½ termly with the interventions manager to ensure interventions are evaluated for impact and effectiveness
- Meeting termly with each teacher to review and revise learning objectives for all children on Tiers 2 and 3.
- liaising and consulting sensitively with parents and families of pupils on the SEN register, keeping them informed of progress and listening to their views of progress, in conjunction with class teachers
- Attending SENCO training as appropriate.
- liaising with the school's Inclusion Governor, keeping him/her informed of current issues regarding provision for vulnerable learners, including those with Special Educational Needs (nationally, locally and within school)
- Liaising closely with a range of outside agencies to support children with SEN, timetabling visits and arranging meetings with parents.

Headteacher

- the Headteacher is responsible for monitoring and evaluating the progress of all pupils and for making strategic decisions which will maximise their opportunity to learn
- the Headteacher and the governing body will delegate the day to day implementation of this policy to the Special Educational Needs Coordinator (SENCO)
- the Headteacher will be informed of the progress of all children with SEN and any issues with regard to the school's provision in this regard through:
 - analysis of the whole-school pupil progress tracking system
 - maintenance and analysis of a whole-school provision map for children with SEN
 - pupil progress meetings with individual teachers
 - regular meetings with the SENCO
 - discussions and consultations with pupils and parents

Section 11: Storing and managing information

Record keeping of SEN documents adheres to the Data Protection Act of 1989.

Created 2014

Review date Summer 2017

The provision for children with SEN is recorded accurately and are kept up to date on One Page Profiles which are used in discussions with parents and other professionals working with the child.

Section 12: Inclusion for Groups of pupils

Gifted and Talented children (G&T) see separate Gifted and Talented policy

English as an Additional Language (EAL) children, Children who are New to English (NTE), Definition and Rationale.

The term EAL (English as an Additional Language) is used to refer to pupils whose main language at home is other than English.

EAL pupils, from complete beginners to those with considerable fluency, will have varying degrees of difficulty in accessing the full curriculum and in achieving their full potential. Research has shown that those new to English will acquire conversational fluency in two years, but will need a minimum of five years to achieve competence in academic English. Such pupils will need language support if they are to reach their full potential.

Therefore our main aim is for all EAL pupils to become confident in speaking, listening, reading and writing to enable them to access the curriculum and communicate effectively with their peers and other adults.

At Osmani 98% of the children are EAL therefore, we use the Tower Hamlets English as an Additional Language programme, (THEAL) to support our children in class. This is a structured language programme which is integrated in to every lesson and develops children's spoken English.

The provision of this support fulfils the requirements of the Race Relations Act of 1976 which seeks to promote Equality of Opportunity and to eliminate discrimination in the provision of education.

As our classteachers plan provision for EAL children, we focus our interventions on children who have newly acquired English.

Identification and Assessment of NTE children

Pupils who are NTE are identified upon starting the school. If it is clear that a pupil's fluency levels are low then they will be assessed using the EAL Stages. (QCA).

A second assessment will be undertaken after 10 weeks to record specific progress against EAL targets.

Progress is monitored by the HoPs, INCO and Interventions manager.

Provision for NTE pupils

The Headteacher meets all mid-phase admissions. The Admin officer will liaise with class teachers and inform them if a new pupil is NTE.

If the children are in KS2, they will be withdrawn from classes in Literacy for a 10 week targeted program of conversational English. (Caroline Scott Programme). Two members of staff have been trained to undertake these classes.

In addition, most classes in the school have access to a bi-lingual adult.

NTE pupils will be buddied with a more confident pupil who speaks the same language or with an English speaking pupil as appropriate.

Classrooms are highly visualised environments and visual support will be available within lessons.

The Interventions manager will:

Liaise with the Bi lingual instructor and class teacher to

- Monitoring NTE data and assess progress within EAL Stages and other academic performance.
- Supporting the adults leading NTE interventions.

The INCO will:

Alongside the Literacy coordinator and Teaching and Learning leader,

- Ensure good EAL practices throughout the school.
- Ensuring appropriate resources are available for staff and NTE pupils.
- To ensure that mid-phase admission EAL pupils are identified in a timely way.

Vulnerable children

Looked after Children (LAC)

Our school recognises that:

- Children who are looked after in local authority care have the same rights as all children but may have additional needs due to attachment issues, early neglect, separation and loss, trauma and many placement moves. These barriers to learning can affect their educational outcomes and their personal, social and emotional development.
- There are commonly understood reasons (Social Exclusion Unit Report :2003] why children who are looked after in local authority care often fail to make expected progress at school :
 - Placement instability
 - Unsatisfactory educational experiences of many carers
 - Too much time out of school
 - Insufficient help if they fall behind
 - Unmet needs - emotional, mental, physical
- There is a statutory requirement for all schools to have a designated teacher (DT) for looked after children. (The name of the current designated teacher at our school is given at the end of this inclusion policy). The responsibilities of our designated teacher include:
 - monitoring the progress of children who are 'looked after' to ensure that they have the best life chances possible and access to the full range of opportunities in school
 - ensuring that children who are 'looked after' have access to the appropriate network of support

Created 2014

Review date Summer 2017

- checking that the statutory Personal Education Plan (PEP) has been arranged and that it is regularly reviewed, at least every six months
- ensuring that information concerning the education of children who are 'looked after' is transferred between agencies and individuals
- Preparing a report on the child's educational progress to contribute towards the statutory review. (These are usually held at six monthly intervals or more frequently if there is a concern)
- Discussing feedback from the statutory review (chaired by the Independent Reviewing Officer) with social workers and, where necessary, the carers and a member of the Virtual School team.
- liaising with the child's social worker to ensure that there is effective communication at all times
- Celebrating the child's successes and acknowledge the progress they are making.
- Our school will work closely with the county's The Virtual School (VS) for Children which promotes the educational needs of Looked after Children and monitors admissions, PEP completion, attendance & exclusions.

Children who require Pastoral Care

Some children are identified as having social, emotional and mental health needs that cannot be met in the classroom.

Identification

Children may be identified by their class teacher because their emotional or mental health is a barrier to their learning. Children may also be identified through discussion with parents about events at home or long-term difficulties in the family e.g. bereavement, domestic violence. SENCo may be informed from external agencies such as Social Care.

Referral

Teachers fill in a Pastoral care referral form which is emailed to the Learning Mentor (LM) and the SENCo .After discussion between SENCo and LM children may be referred to the Learning Mentor for in-class or out of class support. This is a timed intervention with aims and targets which are shared with the children.

Children who display more complex emotional or mental health needs, may be referred, (after discussion between the SENCO and Side by Side team leader), for therapeutic input from the Side by Side therapy team.

Monitoring

Children receiving pastoral care are monitored termly by through Pastoral care meetings by SLT, Learning Mentor, HSLO and the Side by Side Team leader.

Children are discussed individually, progress noted and further actions decided.

Children, who are receiving report from the learning Mentor, are monitored in a ½ termly meeting between the SENCo and Learning Mentor. Progress is monitored through attainment and progress data, and also through qualitative data such increase in emotional resilience, more positive social interaction, more emotional stability.

Created 2014

Review date Summer 2017

LM and SENCo will discuss the children who are ready to be exited. Exited children will remain on the Pastoral care register for the following 6 months under the category 'Monitoring' to ensure they continue to progress.

Where staff believe a child has a mental health difficulty and the child requires more support and assessment, the SENCo will seek advice and refer the child to the local CAMHS services.

Section 13 Accessibility including admissions

(Please see also the Osmani Accessibility Plan as a separate document)

Osmani Primary School is a single site school, with Foundation Stage, Key Stage 1 and Key Stage 2. The school is built on two levels with stairs from ground floor and first floor. Entrance to the building is through the main lobby, which is level and therefore suitable for wheelchair access. There is not currently access for wheel chairs above the ground floor.

There is a shower and changing room on the ground floor .There is also an accessible toilet located on the ground floor.

There is good provision for all our hearing impaired children as appropriate noise reduction measures have been into place. All our classrooms and communal halls have been battened to reduce background noise. Good acoustic conditions are also maintained by ensuring that classrooms are carpeted and curtained. Class teachers use radio microphones to support children with Hearing Impairments.

Children requiring equipment due to impairment will be assessed in order to gain the support that they require. The INCo and ICT Coordinator will identify appropriate technology and soft ware to support children with SEN.

1. TLLs (Teachers and Learning leaders) ensure that resources take into account and reflect the needs of all our children and will ensure that resources are purchased to support them and enable class teachers to differentiate appropriately. They will ensure that displays represent all children. (See SES)

Arrangements for providing access to learning and the curriculum (see also School Accessibility Plan)

- The school will ensure that all children have access to a balanced and broadly based curriculum and no child will be excluded from any learning activity due to their impairment or learning difficulty, (unless it is clearly of benefit to that individual and leads towards inclusion.)
- Learning opportunities will be absorbing, rewarding and effectively differentiated and the teaching styles will be diverse.
- Staff will work in a way to avoid the isolation of the children they are supporting, and will encourage peer tutoring and collaborative learning.
- Schemes of work and policies for each area of the curriculum are in place and are

Created 2014

Review date Summer 2017

differentiated to include appropriate learning outcomes for all pupils. Each policy has an Inclusion Statement detailing access to that curriculum area for pupils identified with additional needs.

- Differentiation and match takes a variety of forms within teacher planning. Learning intentions are always made explicit and then activities may be adapted, or planned separately as appropriate. Alternative methods of responding or recording may also be planned for where this is appropriate.
- Children with sensory or mobility impairments or a specific learning difficulty will access the curriculum through specialist resources such as ICT where this is appropriate.
- The school will ensure that any extracurricular activities are barrier free and do not exclude any pupils.

Access to Information (see also School Accessibility Plan)

- All children requiring information in formats other than print will have this provided. For example, all classrooms have visual timetables and several children have individual visual timetables of the day.
- We adapt printed materials so that children with literacy difficulties can access them, or ensure access by pairing children/peer support/extra adult support.
- We provide alternatives to paper and pencil recording where appropriate, or provide access through peer/extra adult scribing.
- Osmani uses a range of assessment procedures within lessons (such as taping, role-play and drama, video, drawing) to ensure children with additional needs are able to demonstrate their achievement appropriately.

Admission arrangements

- Currently the LEA co-ordinates admissions and children with additional educational needs or with EAL are considered for admission to the school on exactly the same basis as for children without additional educational needs.
- There are two Nursery classes; pupils are allocated to each class by age and gender to ensure that there is parity between both classes.
- Home visits will be conducted for all children entering nursery. Where staff identify any additional needs or concerns they will immediately inform the INCo.
- Children identified, prior to joining our school, as having additional needs will also be matched to each class to ensure a balance of both provision and opportunity.

Created 2014

Review date Summer 2017

- Where a child enters school with additional needs identified, the school will work flexibly with the child and parents to ensure their needs are met.
- Prior to starting school, parents/carers of children with a Statement of SEN or Statement pending will be invited to discuss the provision that can be made to meet their identified needs.

Section 14: Dealing with complaints

- If a parent wishes to complain about the provision or the policy, they should, in the first instance, raise it with the INCO, who will try to resolve the situation.
- If the issue cannot be resolved within 10 working days, the parent can submit a formal complaint to the Headteacher in writing or any other accessible format. The Headteacher will reply within 10 working days.
- Any issues that remain unresolved at this stage will be managed according to the school's *Complaints Policy*. This is available, on request, from the school office.

Section 15: Bullying (please see Osmani's separate Anti-bullying Policy)

Section 16: Reviewing the Inclusion policy

The policy itself will be reviewed annually by the SENCo and members of the SLT.

Section 17: Appendices

1. SEND Information Report
2. SEN referral Form
3. Pastoral Care referral

**SEND Information Report
Osmani Primary School**

Type of School: **Mainstream**. Ofsted Rating: **Good**.
Number on Roll: **We are a 2 form entry Primary School with 426 pupils including Nursery.**

Our purpose is to develop an inclusive school, which promotes and achieves excellence, and continues to nurture the values, confidence and skills of pupils, staff and the community, in order to meet the emerging opportunities of the 21st century. We believe that all children, including those identified as having special educational needs and disabilities, have a common entitlement to a broad and balanced academic and social curriculum (which is accessible to them) and to be fully included in all aspects of school life.

A. People who support pupils with Special Educational Needs and/or Disabilities, or Difficulties with learning in this school.

School based information	People	Summary of Responsibilities
<p>Who are the best people to talk to in this school about my child's difficulties with learning/ Special Educational Needs and/or disabilities (SEND)?</p>	<p>Class teacher in the first instance. If pupil is not yet at the school, the Special Educational Needs Co-Ordinator (SENCO): Penny Seymour</p>	<p>The SENCO is responsible for</p> <ul style="list-style-type: none"> • Coordinating all the support for pupils with special educational needs and/or disabilities (SEND) and developing the school's SEND Policy to make sure all pupils get a consistent, high quality response to meeting their needs in school. • Ensuring that you are: <ul style="list-style-type: none"> ☐ involved in supporting your child's learning ☐ kept informed about the support your child is getting ☐ involved in reviewing how they are doing ☐ part of planning ahead for them. • Liaising with all the other people who may be coming into school to help support your child's learning e.g. Speech and Language Therapy, Educational Psychologist etc.

Class Teacher

- Updating the school's SEND register (a system for ensuring all the SEND needs of pupils in this school are known) and making sure that there are excellent records of your child's progress and needs.
- Providing specialist support for teachers and support staff in the school so they can help your child (and other pupils with SEND in the school) achieve the best possible progress in school.
- Ensuring class teachers and pastoral staff are aware of the needs of individual pupils
- Advising class teachers and pastoral staff of recommended strategies to support individual pupils with SEND.

He/ She has responsibility for:

- Knowing the needs of the pupils and planning high quality lessons to meet these needs
- Monitoring the progress of your child and identifying, planning and delivering any additional help your child may need (this could be things like targeted work or additional support) and letting the SENCO know as necessary.
- Communicating specific targets and sharing and reviewing these with parents at Parent's Evenings once a term.
- Providing specific feedback to your child on what they have achieved and how they can progress. This is achieved through regular marking of your child's work and verbal feedback in lessons.

The SEND Governors are responsible for:

	SEND Governors	<ul style="list-style-type: none"> • Making sure that the necessary support is made for any child who attends the school who has SEND.
--	----------------	---

B. HOW COULD MY CHILD GET HELP IN SCHOOL?

Pupils in school will get support that is specific to their individual needs. This may be all provided by the class teacher or may involve:

- Other staff in the school such as a Learning Support Assistant, Learning Mentor, or Play Therapist
- Staff who will visit the school from the Local Authority central services such as the ASD (Autistic Spectrum Disorder) Outreach Team, Support for Learning Service, School Nurse, Educational Psychologist.
- Staff who visit from outside agencies such as the Speech and Language Therapy Service, Occupational Therapist and CAMHS (Child & Adolescent Mental Health Team).

	Types of Additional Support provided	What would this mean for your child?	Who can get this kind of support?
What are the different types of support available for pupils with SEND in this school?	Class Teacher input via good/outstanding classroom teaching.	<ul style="list-style-type: none"> • Ensuring that the teacher has the highest possible expectations for your child and all pupils in their class. • Ensuring that all teaching is based on building on what your child already knows, can do and understand. 	All pupils receive this provision.

	<p>Specific small group work. This group may be</p> <ul style="list-style-type: none"> ☐ Run in the classroom or Outside the classroom ☐ Run by a Learning Support Assistant or outside professional who has had training to run these groups. <p>These are called Intervention groups</p>	<ul style="list-style-type: none"> • Putting in place different ways of teaching so that your child is fully involved in learning in class. This may involve things like using more practical learning or pair work. • Putting in place specific strategies (which may be suggested by the SEND Team or outside staff) to support your child to learn. <p>Staff will have checked on your child's progress and decided that your child has a gap in their understanding/learning or social development and needs some extra support to close the gap.</p> <ul style="list-style-type: none"> ☐ The Senco/Class teacher (with your consultation) will plan group sessions for your child with targets to help your child to make more progress. ☐ A Learning Support Assistant (LSA)/ teacher or outside professional (such as a Speech and Language Therapist) will run these small group sessions. All LSAs will have received training and guidance from outside professionals such as Speech and Language Therapist, Physiotherapy and ASD Outreach. 	<p>Any child who has specific gaps in their understanding of a subject/area of learning or social development.</p>
--	--	---	--

	<p>Specialist monitoring and assessment by outside agencies e.g. Speech and Language Therapy, Educational Psychologist or ASD Outreach.</p>	<p>Your child will have been identified by the class teacher/SENCO (or you will have raised your worries) as needing specialist input instead of, or in addition to, class teaching and intervention groups.</p> <p>You will be asked to give your permission for the school to refer your child to an external agency. This will help the school and yourself understand your child's particular needs better and be able to support them better in school.</p> <p>Recommendations may include: changes to the way your child is supported in class e.g some individual support or changing some aspects of teaching to support them better A group run by school staff under the guidance of an external professional. A group or individual work with outside professional</p> <p>The school (or you) can request that the Local Authority carry out a statutory assessment of your child's needs. This is a legal process and you can find more details about this on the Tower Hamlets website.</p> <p>After the school have sent in the request to the Local Authority (with a lot of</p>	<p>Pupils with specific barriers to learning that cannot be overcome through whole class teaching and intervention groups.</p> <p>Pupils whose learning needs are: Severe, complex and lifelong</p>
	<p>Specified Individual support for your child.</p>		

This is usually provided via a Statement of Special Educational Needs or an Education, Health and Care Plan (EHCP). This means your child will have been identified by the SENCO/Educational Psychologist, as needing a particularly high level of individual or small group teaching which cannot be provided from the SEND budget available to the school.

Usually your child will also need specialist support in school from a professional outside the school. This may be from:

☐ Local Authority central services such as the ASD Outreach Team or Sensory Service (for pupils with a hearing or visual need)

☐ Outside agencies such as Blossom Speech and Language Therapy Service or CAMHS (Child and Adolescent Mental Health Service)

information about your child, including some from you), they will decide whether they think your child's needs (as described in the paperwork provided), seem complex enough to need a statutory assessment. If this is the case they will ask you and all professionals involved with your child to write a report outlining your child's needs. If they do not think your child needs this, they will ask the school to continue with the current level of support.

After the reports have all been sent in, the Local Authority will decide if your child's needs are severe, complex and lifelong. If this is the case they will write an Education Health care Plan- EHCP.

If this is not the case, they will ask the school to continue with the current level of support and also set up a meeting in school to ensure a plan is in place to ensure your child makes as much progress as possible.

☐ The Statement or EHCP will outline the number of hours of individual/small group support your child will receive from the LA and how the support should be used and what strategies must be put in place. It will also have long and short term goals for your child. The LSA will be used to support your child with whole class learning, individual programmes/small groups.

How will the school let me know if they have any concerns about my child's learning in school?

When a teacher or a parent has raised concerns about a child's progress, and targeted teaching has not met the child's needs, the teacher must raise this with the SENCO.

☒ **The SENCO will then advise on suitable interventions and strategies.**

☒ **If your child is then identified as not making progress the school will contact you to discuss this with you in more detail**

o **To listen to any concerns you may have**

o **To plan any additional support your child will receive**

o **To discuss with you any referrals to outside professionals to support your child's learning**

How is extra support allocated to pupils?

☒ **The school budget, received from Tower Hamlets LA, includes money for supporting pupils with SEND.**

☒ **The Head Teacher decides on the budget for Special Educational Needs in consultation with the school governors, on the basis of needs in the school.**

The SENCO and Head teacher discuss all the information they have about SEND in the school, including

o **the pupils getting extra support already**

o **the pupils needing extra support**

o **the pupils who have been identified as not making as much progress as expected.**

and decide what resources/training and support is needed.

All resources/training and support are reviewed regularly and changes made as needed.

Who are the other people providing services

<p>with learning needs (SEND)?</p> <p>How will we measure the progress of your child in school?</p>	<p>their class, and will ensure that your child's needs are met.</p> <ul style="list-style-type: none"> ☐ Specially trained support staff will use the teachers' planning to support the needs of your child where necessary. ☐ Specific resources and strategies will be used to support your child individually and in groups. ☐ Planning and teaching will be adapted regularly if needed to meet your child's learning needs. <ul style="list-style-type: none"> ☐ Your child's progress is continually monitored by his/her class teacher. ☐ His/her progress is reviewed formally 4 times a year and a level given for Maths, Reading, Writing, Speaking and Listening and Science. Children are assessed as being at, above or below expected levels in other subjects ☐ If your child is not yet at levels, a more sensitive assessment tool is used which shows their level in more detail and will also show smaller but significant steps of progress. The levels are called 'P levels'. ☐ Children on the SEN register will have a One Page Profile which will be reviewed every term and targets set for the next term. ☐ The progress of pupils with an EHC Plan is formally reviewed at an Annual Review with all adults involved with the child's education, the pupil and parent(s)/carer(s). ☐ The SENCO will also review progress of cohorts (specific groups) of pupils with SEND to inform training needs.
<p>What support do we have for you as a parent of child with SEND and how are you and your child supported when they leave this school?</p>	<p>Prior to your child joining Osmani, the SENCO is available to meet with you to discuss your child's needs and any concerns you may have. This may also involve a Home Visit.</p> <p>The SENCO meets with the secondary school SENCOs during the summer term to ensure that information is shared between schools. Year 6 pupils with SEND may be invited to attend a Transition Morning with their parent(s)/carer(s) to meet the SEND team at their secondary school. Year 6 pupils with SEND are supported by the SEND team on the secondary school Induction Day.</p> <p>We would like you to communicate any concerns or information you have about your child to your child's SENCO. This is to ensure that we are doing similar things to support your child, both at home and school, and can share what is working well in both places.</p> <ul style="list-style-type: none"> ☐ The SENCO is available to meet with you to discuss your child's

How have we made this school accessible to pupils with SEND?

progress or any concerns you may have throughout your child's time at Osmani.

☒ All information from outside professionals will be discussed with you and, where this is not possible, forwarded to you in a written report. The SENCO will also contact you to discuss any new assessments and ideas suggested by outside agencies for your child.

☒ Pupil's One Page Profiles will be reviewed each term. You are welcome to request a copy. Targets will be written in your child's planner.

☒ Homework will be adjusted, as needed, to your child's individual needs.

The school is built on three levels with stairs from ground floor to the 1st and 2nd floors. Entrance to the building is through the main lobby which is level so is suitable for wheelchair access. There is not, currently, access for wheel chairs above the ground floor.

There is a shower and changing room on both the ground floor and the first floor. There is also an accessible toilet located on the ground floor.

We have made sure that there is good provision for all our hearing impaired children by putting appropriate noise reduction measures into place. All our classrooms and communal halls have been battened to reduce background noise. Good acoustic conditions are also maintained by ensuring that classrooms are carpeted and curtained. Class teachers use radio microphones to support children with Hearing Impairments.
