We believe that all those who work in Osmani - children and adults - have the right to be treated fairly and with respect by everyone connected with the school.

We aim for Osmani to be a safe, supportive place, where all children and adults feel valued as individuals, whatever their ability, age, disability, gender identity, marriage or civil partnership, pregnancy & maternity, race, religion or belief, sex and sexual orientation.

The school aims to foster the social and personal skills of co-operation, sharing and mutual respect.

This policy supports the school in addressing **Article 24:** of the UN Convention on the Rights of the Child.

## Policy Statement

The Governors and Head teacher of Osmani Primary School accept their responsibility under the Health and Safety (First Aid) regulations 1981 and acknowledge the importance of providing First Aid for employees, children and visitors within the school.

The Governors are committed to the authority's procedure for reporting accidents and recognise their statutory duty to comply with the reporting of injuries, diseases and dangerous occurrences regulations 1995.

The provision of First Aid within the school will be in accordance with the Authority's guidance on First Aid in school.

## Statement of First Aid organisation

The school's arrangements for carrying out the policy include nine key principles.

- Places a duty on the Governing Body to approve, implement and review the policy.
- Place individual duties on all employees.
- To report, record and where appropriate investigate all accidents.
- Records all occasions when first aid is administered to employees, pupils and visitors.
- Provide equipment and materials to carry out first aid treatment.
- Make arrangements to provide training to employees, maintain a record of that training and review annually.

- Establish a procedure for managing accidents in school which require First Aid treatment.
- Provide information to employees on the arrangements for First Aid.
- Undertake a risk assessment of the first aid requirements of the school.

## Arrangements for First Aid

### Materials, equipment and facilities

The school will provide materials, equipment and facilities as set out in DfE 'Guidance on First Aid in schools'.

#### The location of First Aid Kits in school are;

- The Nursery
- Ground Floor Corridor
- The Group room opposite the school office is designated for major incidents.

The contents of the kits will be checked on a regular basis by the Admin Assistant.

Medication for named individuals will be kept in Year group boxes in the medicine cupboard in the main office with the child's name and individual care plan.

Designated persons for First Aid are Denise Thurbon, Shazna Begum, and Thofur Ali.

First Aid training (6 hour course) will be undertaken every three years for all Teaching Assistants and Playleaders.

### Off-site activities

At least one first aid kit will be taken on all off site activities, along with individual pupil's medication such as inhalers, epipens etc.

A person who has been trained in first aid will accompany all off site visits.

### Information on First Aid arrangements

The Head teacher will inform all employees at the school of the following:

- The arrangements for recording and reporting accidents.
- The arrangements for First Aid.
- Those employees with qualifications in First Aid.

- The location of First Aid kits.

In addition the head teacher will ensure that signs are displayed throughout the school providing the following information:

- Names of employees with first aid qualifications.
- Location of first aid boxes.

All members of staff will be made aware of the school's First aid policy.

### Accident Reporting

The Governing body will implement the LA's procedures for reporting:

- all accidents to employees
- all incidents of violence and aggression.

The Governing body is aware of its statutory duty under RIDDOR in respect of reporting the following to the Health and Safety executive as it applies to employees.

- An accident that involves an employee being incapacitated from work for more than three consecutive days.
- An accident which requires admittance to hospital for in excess of 24 hours.
- Death of an employee.
- Major injury such as fracture, amputation, dislocation of shoulder, hip, knee or spine.

For non-employees and pupils an accident will only be reported under RIDDOR:

- where it is related to work being carried out by an employee or contractor and the accident results in death or major injury, or;
- It is an accident in school which requires immediate emergency treatment at hospital

For each instance where the Head teacher considers an accident to a visitor or pupil is reportable under RIDDOR the advice of the authority will be sought.

Where a pupil has an accident it will be reported to the LA.

All accidents to non-employees (e.g.) visitors which result in injury will be reported to the authority.

## Pupil accidents including head injuries

All injuries in school are recorded in an accident book.

An accident slip is given to the child to take home.  
The Governing body recognises that accidents involving pupils head can be problematic because the injury may not be evident and the effects only become noticeable after a period of time.

Where emergency treatment is not required, a call will be made home to inform parents and an accident slip be sent home to the child's parents or carer.

## Transport to hospital or home

- The head teacher will determine what is a reasonable and sensible action to take in each case.
- Where the injury is an emergency an ambulance will be called following which the parent will be called.
- Where hospital treatment is required but it is not an emergency, then the Head teacher will contact the parents for them to take over responsibility for the child.
- If the parents cannot be contacted then the Head teacher may decide to transport the pupil to hospital

Where the Head teacher makes arrangements for transporting a child then the following points will be observed:

Only staff cars insured to cover such transportation will be used.

No individual member of staff should be alone with a pupil in a vehicle.

The second member of staff will be present to provide supervision for the injured pupil.

- Visit to A&E or GP from school (**Appendix 1**): This document will be completed and given to the parent/carer to take along to the hospital.
