Osmani Primary School

Reach For The Stars

Assessment Policy

Our Motto

Reach For The Stars

Our Vision Statement

Our vision is to develop an inclusive school, which promotes and achieves excellence, and continues to nurture the values, confidence and skills of pupils, staff and the community, in order to meet the emerging opportunities of the 21st century.

Our vision and values support **Articles 2, 12, 15, 19, 24, 27, 28, 29, 31** of the United Nations Convention on the Rights of a Child.

Our Rights

- ★ **Article 19:** We have the right to be safe.
- ★ **Article 28:** We have the right to quality education.
- ★ **Article 12:** We have the right to give our opinion and listen to others.
- ★ **Article 15/31:** We have the right to join in and be part of a team.
- ★ **Article 29:** We have the right to develop our personalities, talents and abilities.

Our Values

★ **S**triving **T**eamwork **A**ll Included **R**esponsibility **S**uccess ★

★ Striving

Our aim is that we are a school that:

- **uses our Growth Mind-set (learning from mistakes and always willing to have a go)**
- **never gives up and always find ways of improving**
- **enjoys challenges and aims high**

★ Teamwork

Our aim is that we are a school that:

- **encourages and supports each other to be the best we can be**
- **learns from each other**
- **listens to and respects each other's ideas**

★ All Included

Our aim is that we are a school that:

- **has high expectations of everyone**
- **encourages everyone to take an active part in learning and life of our school**
- **nurtures and celebrates what makes each and every one of us unique**
-

★ Responsibility

Our aim is that we are a school that:

- **takes ownership of the choices we make**
- **takes ownership/charge of our own learning**
- **looks after each other and our school**

★ Success

Our aim is that we are a school that:

Last Review Date: Summer 2022

Next Review Date: Summer 2023

- provides an education that encompasses academic, creative, social, emotional, physical and cultural development.
- celebrates our efforts and achievements

Equal Opportunities and the Single Equality Scheme

We believe that all those who work in Osmani - children and adults - have the right to be treated fairly and with respect by everyone connected with the school.

We aim for Osmani to be a safe, supportive place, where all children and adults feel valued as individuals, whatever their ability, age, disability, gender identity, marriage or civil partnership, pregnancy & maternity, race, religion or belief, sex and sexual orientation.

The school aims to foster the social and personal skills of co-operation, sharing and mutual respect.

This policy supports the school in addressing Articles 6, 28, 29 of the UN Convention on the Rights of the Child.

Philosophy

At Osmani we believe that assessment is an integral part of teaching and learning and of good classroom practice. It is a continuous process which utilises the professional judgement of the teacher. We aim to use a variety of assessment procedures, including formative assessment (AFL) and summative, which are informative, time effective, suitable for the task at hand and for the age of the children.

The core of all assessment practice is to find out what the children know, what they do not know and then matching the teaching to their learning needs.

Therefore it is completely interlinked with our planning. Our approach to assessment reflects the schools equal opportunities policy, ensuring that all our procedures are carried out in such a way that they accurately reflect the maximum potential of every individual and reflect our high expectations.

We also aim to ensure parents are kept fully aware and play a major role in discussing and enhancing their children's achievement.

Core Subject Assessment Procedures

The Osmani Assessment and Planning Tools (PAT) are used to plan and assess for Reading, Writing and Mathematics. They have been devised through consultation with LBTH advisors, other external training courses and meetings between TLLs in school. They have combined 'best practice' so that the children at Osmani make the best possible progress in their learning.

Last Review Date: Summer 2022

Next Review Date: Summer 2023

The age related expectations (ARE) for each Year group have been split into three terms to ensure progression of skills and coverage across the year. Progress across the year can also be tracked using the 'Life without levels' points ladder (Appendix 1). This will support any transition between LBTH schools who have adopted this system.

Each child will be given their own individual sheets for Writing and Mathematics and a group sheet will be used for Reading. Children will be able to move from one term to the next whenever they have successfully accomplished 75% of the skills. The children must have demonstrated that they can apply these skills on at least three different occasions and the dates must be recorded on the sheets. When children move onto the next term's learning, any skills that have not been met from the previous term should be revisited so that gaps in children's learning are avoided.

For children with a Special Educational Need or Disability (SEND), P levels will be used to assess their learning. (Appendix 2) Also, New to English (NTE) children will complete the induction program and will then be assessed using the PAT so that work is well-matched to their learning needs. When NTE children are working below the level of the PAT, they will be taught and assessed using the Early Years 'Development Matters' document for Literacy and Numeracy. Where necessary, children will be given a first language assessment to ascertain whether they have any additional learning needs.

Reading

Guided Reading is an integral part of gathering assessment evidence. This assessment evidence is then used in the next session to move children's learning forward.

Guided Reading is introduced in Reception and will run through to the end of Year 6. In Reception, guided reading begins once the children move onto Pink banded books. In groups of three they can begin with shared guided reading which focuses on concepts about print. Once they reach Red levels they can move into more formal guided reading but continue to do so in smaller groups. There is an expectation that children will move on quickly from Pink to Red books. Although phonics is an important aspect of reading, use of meaning and syntax should also be taught during each session as part of problem solving strategies.

Children will have two sessions per week in Years 1-5: one led by the teacher and the other by the teaching assistant. In Year 6, there will be one adult-led guided reading session for the majority of the cohort. Where children require additional support, they will have two sessions per week.

Last Review Date: Summer 2022

Next Review Date: Summer 2023

During guided reading sessions for all Year groups, the teacher will choose a relevant 'Big Question' to support comprehension skills. These questions can be found in the 'Questions and Discussions Prompts to Develop Reading Assessment focuses' booklet (Appendix 3 of the Reading PAT). This will be based on previous assessments. This question can be reinforced during the independent guided reading rotation where the children can apply it to a different text. At this point, children from Year One onwards can respond to the Big Question in written form to provide further evidence and prepare them for more formal testing.

When children are not part of an adult led guided reading session, they will be given either:

- A follow up activity from their last adult led session;
- An independent activity which supports their reading comprehension;
- Activities to support spelling and phonics; or
- The opportunity to read a book of their choice independently.

All of the above contribute towards assessment evidence for Reading. The Class Teacher will organise this carousel of activities on a weekly basis linked to the text that they are reading and their points score to ensure MATCH. Any written guided reading tasks will be recorded at the back of the children's English books.

In addition to these assessments, teachers in Reception and Key Stage One will use running records from the PM Benchmark kit to analyse children's reading levels. Benchmarking will also be used in Key Stage Two for pupils that are New to English, have a Special Educational Need or are working below a Year Two Secure Points Score (22 points).

**Please refer to the Literacy Policy for further information on the teaching of Reading.*

Writing

In Early Years, children are provided with opportunities to develop their gross and fine motor skills through focus activities as well as a well-planned learning environment. These skills will then:

- Transfer to mark making
- Move into name writing
- Then writing graphemes
- Writing words
- Writing sentences

Independent examples of the above are used to assess the children's writing and these can be found in the Wow Books or their writing books. Initially this will be through planned and

Last Review Date: Summer 2022

Next Review Date: Summer 2023

unplanned observations then there will be written evidence. (*Refer to the Early Years policy for more information.*)

In Year 1, a more flexible approach will be used. Children will complete an independent writing activity at the end of each unit which has been taught. This will be every three to four weeks depending on the length of the unit and it may take up to three days to complete.

Big Writing will be taught once every week in a flexible three lesson cycle from Years 2-6. Emphasis will be on children completing a piece of writing which can be used for assessment purposes. The focus genre should be the one that has just been completed in class so that they are given the opportunity to apply and embed recently taught skills.

Children can be provided with a range of support materials which form part of normal classroom practice. These include: dictionaries, thesauruses, word banks, phrase banks, the working wall and generic success criteria. The children can also independently use their literacy books if they wish to magpie. It is important that children know how to independently select from these resources as appropriate as this is an important learning skill.

Week 1: Children will write independently on a genre that they have been taught. The amount of input given at the start of the session will depend on the children's age and whether the child has a special educational need. Any work used for assessment purposes should be independent. This work will be written on blue paper.

Week 2: The teacher will model how to identify successes and improvements and the children will then collaboratively improve their work with a partner or they can make these improvements independently.

In KS2 the improvement focus will not be the Super 6, and in KS1 the improvements will focus on the Fabulous 5, as these are expected to be applied in every piece of writing. It is important that the teacher clearly models how to improve a piece of writing with a focus on a particular aspect of the writing, such as using a variety of sentence lengths for effect. The visualiser is a good tool to use at this stage so that a piece of children's writing can be improved. The improvements will be part of the LI and success criteria, e.g. to describe or to use complex sentences. CTs and TA may have a focus group to work with supporting children to collaboratively improve. This gives opportunities for teachers to conference 1:1. This work will be written on green paper.

When a piece of writing is independently edited, it can be used for assessment purposes.

For this reason, green highlighters should not be used to mark these pieces of work as they produce too much guidance on what needs to be amended. The New National Curriculum states the importance of editing when producing high-quality writing.

(Please refer to the AFL Handbook for support on Peer Assessment/Improvement.)

Last Review Date: Summer 2022

Next Review Date: Summer 2023

Week 3: The CT's assessment from the previous week will inform the planning for week 3. Children may write a whole piece in the same genre, or may focus on a specific part of their writing e.g. Beginnings, middles (build up/ dilemma) or endings. CTs may give children an already prepared beginning and middle and the children may only write the ending. This work will be written on pink paper.

It is important that the children's work is marked following Big Writing sessions. During week one, they should be given a clear next step. The evidence of progress towards achieving the next step will be evident in weeks 2 and 3 of the cycle. Teachers need to look in depth at one groups' writing each week i.e annotating SRs seen, as well as other pieces of writing by that group. This group's work should be levelled using the Writing PAT and this will give a clear focus for shared writing at the beginning of session 2.

By the end of each half term, every pupil should have at least 2 assessed pieces of writing. Samples of children's writing from Big Writing will be used as one of the main pieces of evidence for assessing writing. Teachers must also use evidence from writing samples across all the curriculum to ensure that the skills that the children are taught have been embedded. This is particularly important for children 'Working at Greater Depth' as they need to demonstrate that they can apply these skills confidently in a range of contexts. It may not always be necessary to complete the final week of the cycle and this should be decided using teacher judgement.

**For further guidance on the teaching of Big Writing, please refer to the Literacy Policy.*

Speaking and Listening

In order to develop children's speaking and listening skills, the school has adopted the 'Tower Hamlets EMA Progression in Language Structures' (THEAL). The language structures scaffold children's speaking and provide a good model of spoken language which the children can independently apply. Speaking in full and appropriate sentences is expected across all subject areas so that skills are embedded. The impact of THEAL can be seen in the quality of the children's writing, responses in guided reading, assemblies as well as general discussions with children. The school also uses the Alan Peat sentence types which provide models for a range of sentences specific to the different genres that have been taught.

Phonics and SPaG

Last Review Date: Summer 2022

Next Review Date: Summer 2023

The school follows the Read Write Inc (RWI) scheme for the teaching of phonics. Phonics is taught daily from Nursery to Year 2. Children in Key Stage Two that require further teaching of phonics do so in small groups or on a one to one basis. Once children have completed the phonics program, the phonemes/graphemes are revised during literacy lessons using the Complex Speed Sounds Chart which are displayed in the classrooms. All children from Years 1-6 are baselined in phonics at the beginning and end of each year to ensure their phonics teaching is well matched. At the end of each stage, children are also assessed to ensure that there are no gaps in the children's phonics knowledge. Where gaps exist, this is fed into future planning before children move onto the next stage. This happens each half term. *Please refer to the Phonics Teaching and Learning policy for further details.*

Spelling is taught as part of the RWI phonics program for children in Early Years and Key Stage One. Once the children have completed the phonics program, they have a weekly spelling lesson where the children are taught a spelling pattern or rule and are then tested on the previous week's spellings. Children are given weekly spellings as part of their homework and at the results of the tests are recorded in the Geek Book for monitoring purposes. *Please see the homework policy for further details.*

Grammar and punctuation are planned for and taught at the beginning of each Literacy lesson from Years 1-6. Where possible, the grammar and punctuation taught should link to the main teaching so that children know how to apply the skill.

All aspects of spelling, punctuation and grammar that have been taught are applied through shared/guided reading and writing and across all subject areas so that children see that these are transferable skills.

Maths

Each week there will be a Big Maths lesson where the children have the opportunity to apply their skills through an investigation. The investigation will be based around the teaching from that week and the outcomes will provide valuable assessment evidence.

There will be a whole school focus on the investigative skill taught for a particular half term. This ensures that there is good coverage of the skills taught and assessment evidence can be gathered on how well children apply these skills.

Last Review Date: Summer 2022

Next Review Date: Summer 2023

Alongside this, assessment evidence will be gathered in the children's books through the application of skills through problem solving. This will include the use of 'Testbase' questions as well as questions from 'Progression Maps' and 'Questions for Mastery' produced by The National Centre for Excellence in the Teaching of Mathematics and Raising Stars questions.

**Please refer to the Maths Policy for further information on the teaching of Mathematics.*

Science

Assessments for Science focus on the knowledge acquired from the different topics as well as the key transferable skills of 'Working Scientifically' that are taught across different topics. Each Class has a Planning and Assessment Tool (PAT) which focuses on the skills and knowledge that should be acquired in each Year group. Children will be identified who are working below, at and above age related expectations and those with SEND (SEND, LA, MA, HA). Evidence is collected from observations made during lessons as well as recording in the children's Topic books. By the end of the academic year, children will need to achieve 75% of the expected skills to reach age related expectations. The TLL responsible for this subject area will monitor termly to ensure that the PAT has been correctly updated. Also, they will monitor to see how any gaps have been addressed as part of their TLL scrutiny.

Foundation Subjects, RE and Computing Assessment Procedures

Key knowledge and skills are assessed in Art, Design Technology, History, Geography, RE and Computing. These skills and knowledge are transferable across the different topics taught so that children learn how to use them in different contexts and they extend year on year to match the national ARE for each phase. Teachers will be asked to assess the children's progress towards these key skills and knowledge termly, using evidence from the children's books as well as observational findings. The assessments will be recorded on PAT documents. Group sheets will be used. By the end which are specific to the skills and knowledge which should be acquired in each Year group and for each topic. Children will need to achieve 75% of the expected skills and knowledge to reach ARE. The TLL responsible for that subject area will monitor termly to ensure that the PATs have been correctly updated. Also, they will monitor to see how any gaps have been addressed as part of their TLL scrutiny.

At the end of each term, children will be given a low-stakes assessment quiz which contains questions for History, Geography, Science, Art and DT. This will be administered using Google

Last Review Date: Summer 2022

Next Review Date: Summer 2023

Forms. The aim of the quizzes is to ensure that children ‘know more and remember more’. For this reason, the topic areas assessed at each term will be as follows:

Term	Knowledge and Understanding
Autumn 2	Summer 2 topic from the previous Year group/Autumn 1 topic
Spring 2	Autumn 2 topic/Spring 1 topic
Summer 2	Spring 2 topic/Summer 1 topic

Testing

Tests are used alongside teacher assessments to inform judgments that have been made and to identify gaps in learning. They are given at each of the four assessment points. Tests are used in the following subject areas from Years 1-6:

- Reading
- SPaG
- Maths

Maths Tests

The school now uses the **MERiT for Testbase National Curriculum Tests** assessment tests. There is a test pat each of the three Assessment Points. The Table below shows which tests should be taken at each Assessment Point:

https://merit.doublestruck.eu/?t=MERIT_TB&br=TB&subject=pri-tb

	Y1	Y2	Y3	Y4	Y5	Y6
AP1	Rising Stars Half Termly Tests Autumn 2 Tests	Rising Stars Half Termly Tests Autumn 2 Tests	Use the Y2 Spring tests MERiT	Use the Y3 end of year tests MERiT	Use the Y4 end of year tests MERiT	Use the Y5 end of year tests MERiT

	Reasoning and Arithmetic				Or, if applicable, NFERS	
--	--------------------------	--	--	--	---------------------------------	--

Children may need to complete an NFER test for Secondary School Banding the week after KS2 SATs week. If this is the case, they will not be required to take the Assessment Pont 3 test.

Tests should be matched to meet the needs of the children. This can be achieved by looking at the children’s point score and then converting that to a from the table below:

Reading and SPaG Tests

The ‘Raising Stars’ termly assessment tests are used. The table below shows which test should be given at different assessment points:

Assessment Point 1	Autumn 2
Assessment Point 2	Spring 2
Assessment Point 3	Summer 2

Tests should be matched to meet the needs of the children. This can be achieved by looking at the children’s point score and then converting that to a from the table below:

Year group	Stage within programme of study	Point score	Test
Year 6	Exceptional	36	
	Working at Greater Depth	35	Application of the Year 6 SPaG expectations in writing
	Secure	34	Summer 2
	Developing	33	Spring 1
	Beginning	32	Autumn 2
Year 5	Working at Greater Depth	32	Application of the Year 5 SPaG expectations in writing
	Secure	31	Summer 2
	Developing	30	Spring 1
	Beginning	29	Autumn 1
Year 4	Working at Greater Depth	29	Application of the Year 4 SPaG expectations in writing
	Secure	28	Summer 2
	Developing	27	Spring 1
	Beginning	26	Autumn 1
Year 3	Working at Greater Depth	26	Application of the Year 3 SPaG expectations in writing
	Secure	25	Summer 2
	Developing	24	Spring 1
	Beginning	23	Autumn 1
Year 2	Working at Greater Depth	23	Application of the Year 2 SPaG expectations in writing
	Secure	22	Summer 2
	Developing	21	Spring 1
	Beginning	20	Autumn 1
Year 1	Working at Greater Depth	20	Application of the Year 1 SPaG expectations in writing
	Secure	19	Summer 2
	Developing	18	Spring 1
	Beginning	17	Autumn 2
		16 and below	Working below the test – tests are not a suitable form of assessment.

Last Review Date: Summer 2022

Next Review Date: Summer 2023

General Assessment Procedures

In Osmani we believe that assessment is ongoing on a daily basis. We as teachers are continually making judgements as to what children have and have not achieved and what the next steps are to improve their learning.

We use the key strategies of formative assessment which are:

- Having a rigorous assessment cycle to ensure consistency across the school.
- Creating a classroom culture in which all involved see attainment as incremental rather than fixed through the 'Growth Mindset'.
- Enabling and planning for effective classroom talk and questioning by the children.
- Clarifying decontextualized learning intentions so that children are clear about the skills they are learning.
- Pupil-generated success criteria.
- Enabling children to be effective peer and self-assessors.
- Giving children clear next steps in their learning and 'Fix it' time at the start of each lesson so that they are able to respond appropriately. (*See the Effective Feedback and Marking policy for more information.*)
- Effective questioning by adults in the classroom.
- Providing opportunities for children to apply the skills that they have been taught to solving problems or in different areas of the curriculum so that they are transferred.
- Making observations about what the children already know and finding out about their areas for development.
- Adjusting planning during the lesson or in subsequent lessons based on findings
- Giving children verbal feedback at the point of learning.
- Involving children in the analysis and discussion about what quality and excellence are through pupil conferencing.

**For more information on formative assessment strategies please see the AFL Handbook.*

Assessment Tracker

Data from each assessment point is recorded on the school's tracker for Reading, Writing, SPaG and Maths. Teachers are responsible for correctly updating the tracker at each assessment point. The Assistant Headteacher for Assessment will update the contextual information at each assessment point. This includes: interventions, attendance information, support from the Learning Mentor, NTE pupils, SEND pupils.

Children with Special Educational Needs and Disabilities

At Osmani school we follow the 'Code of Practice' on the identification and assessment of SEN. The initial identification is the responsibility of the class teacher and could be through classroom observation

Last Review Date: Summer 2022

Next Review Date: Summer 2023

or formal/informal assessments/tests. Children with SEND are those that receive a Tier 3 intervention or specialist support from outside agencies including specialist teaching. Please refer to the inclusion policy for details on these procedures.

The progress of children with SEN is formally reviewed at each assessment point and also at the end of specific interventions. These assessments are undertaken by class teachers, support teachers, teaching assistants or learning support assistants running an intervention or specialist teachers. At the end of Year 6 and whenever a child moves, all SEN records are sent with the rest of the school records to a child's new school. Parents are informed at the termly Parent Meetings. When necessary they are invited to attend SEN meetings by letter and by phone.

Some children with Special Educational Needs will be working significantly below the National Curriculum. P-levels are used to assess these pupils and set specific targets so that they make good or better progress.

Assessing New to English Children (NTE)

The school uses the Bell Foundation Assessment Framework to assess NTE children who are working below autumn Year 1 level (17 points). The school has also created a 'Pre-Bell Bands' assessment criteria for children who do not speak any English when they arrive in the school. (12 points) Both of these assessment criterias link to Learning Village which is a teaching tool that the school uses.

Transition

When new children arrive at the school from a previous school setting, the child's previous records are requested. This contains information about the child's current attainment level which can be used as a starting point. Alongside this, the child is given a simple baseline assessment including an independent writing task and either a reading comprehension or benchmarking for reading. Also, testbase questions, test paper or oral maths questions for Mathematics. The baseline assessments carried out are age appropriate.

When a child leaves to attend a different school within the borough, the school completes the 'In year transfer form' before the child has been allocated a new place. Records are then transferred to the new school on arrival. Records are also transferred on request to schools outside of the borough. These records contain information regarding the child's progress and attainment.

At the end of Year 6, all records are transferred to the children's new secondary schools as part of the transition process.

Please refer to the Transitions Policy for further information.

Last Review Date: Summer 2022

Next Review Date: Summer 2023

Assessment During Remote Learning

There are many elements of formative and summative assessment that we already use in school which can be applied to remote learning.

Formative Assessment

- Feedback during face to face teaching sessions including children's responses to questions, examples of work.
- Use of Google Documents to record work to see how securely the children understand this.
- Continue to have a remote Big Writing session to generate independent writing.
- Continue to have a remote Big Maths session so that children can apply their maths skills and knowledge to solve problems.
- Use of testbase questions to apply skills and knowledge which has been taught.
- Formative assessments can be carried out by the teachers in school while giving feedback to the children. Any important information, such as concerns about how children have accessed the learning in school, should be passed back to the class teacher by the teacher in school.

Summative Assessment

- Use of reading comprehensions
- Short assessment tests at the end of a topic to see what children have learnt (White Rose Maths/Use some of the questions from the Rising Stars tests for Maths, SPaG and Reading)
- It is not appropriate to give children a full test during these times.

Reporting to Parents

Individual meetings are held with parents once a term to discuss the children's progress and where support can be given. At each meeting, parents are given a copy of their child's target sheet which contains information about their current points score and targets that they need to work on for Reading, Writing and Mathematics. Translation is provided where we have a speaker of the home language within school. A written report is given to parents during the summer term meeting where progress in all subject areas is reported on as well as:

- SATs results for pupils in Years 2 and 6
- Results of the Phonics Screening Check in Year 1.
- EYFSP at the end of Early Years

We aim to write all reports to parents in a manner, which is readily understood, and not full of educational jargon. Parents are always invited to make appointments with teachers throughout the school year if additional meetings are required. During each parent meeting the children's individual targets are shared with parents and we discuss where support can be given.

Last Review Date: Summer 2022

Next Review Date: Summer 2023

Assessment Cycle Protocol

This protocol outlines the procedures in place to ensure that assessments are accurate and consistent across the school.

At Osmani Primary School there are three assessment points across the year. These assessment points are spread equally across the year so that there is an eleven week gap between them. Also, there will be a mid assessment point review twilight between AP1/AP2 and AP2/AP3 to ensure that any concerns about children's progress are picked up quickly and addressed in a timely manner. The criteria for these meetings is as follows:

- **Possible SEND but not those with EHCP plan**
- **Emotional well-being**
- **Children who are working below ARE and need to make accelerated progress**
- **Children who are on the cusp of being Higher Achieving**

Children with attendance issues should not be discussed at this meeting. Instead, they should be referred to the AWA through Thof.

--	---	---	---	---

Opportunities for Gathering Assessment Evidence

- Have a focus group during lesson introductions with a specific focus. Ask additional adults to record evidence on sticky notes for each child. Stick in books.
- During independent learning time, question children to find out the level of their understanding. Record evidence on sticky notes for each child. Stick in books.
- Small group, or individual, assessment tasks (5 mins) during registration periods where children's can be asked specific questions. (This is good for quick fire answers/mental maths/phonics check- ups)
- Quick fire questions when lining up – who can do it? Good for rapid recall of facts such as multiplication, number bonds, days of the week, phonics. Record who can and can't on a tick sheet with the objective.
- Find out what the children already know before you begin a new topic. This could be a simple independently answered SATs style question on the new topic a few days before a Maths lesson or an independent piece of writing at the start of a new writing genre. Give similar questions at the end of learning to show progress.
- Children can help you gather evidence through peer and self- assessment activities.
- Ask children to write a reflection of their learning based on what they have learnt, how they learnt and their next steps.
- Useful photographic evidence. (The photograph should show the child's work rather than just a group of children.) Ask the child to reflect on their learning as a next step.
- Maximise opportunities for independent learning during lessons. (Cross curricular links for Writing and Maths or Big Writing and Big Maths weekly sessions.)
- Use the next steps or plenary to give children SATs style questions which will assess whether they can apply skills.

Last Review Date: Summer 2022

Next Review Date: Summer 2023

- During guided reading or just after, make jottings when children have achieved or when they have shown a misconception. These could be jotted on post it notes or sticky labels then added to a child's APP sheet as evidence.
- In KS1, benchmark children's reading.
- In KS2, benchmark any children with SEN who are reading below a 23 point score.
- Use pupil conferencing to ask children specific questions where you need to gather evidence or check a child's understanding of a concept.

Moderation Meeting Protocol

Both teachers in the Year group will attend. There will be twilight sessions in both assessment and moderation weeks where the moderation meetings will take place.

Before the meeting

Complete all required assessments and judgements. Judgements about points scores should not be made at the moderation meeting. The purpose of the meeting is to check that the assessments are secure through benchmarking and offer support regarding individual pupils where giving a points score is a challenge.

Bring along:

- All the work (Literacy/Foundation subjects/Big writing/Maths etc) of the children you are unsure about i.e not sure if they should be assessed at a lower or higher points score.
- Your assessment folder.

Last Review Date: Summer 2022

Next Review Date: Summer 2023

- A list of the groupings in your class. The lead moderator will pick one child from each group or the teachers can suggest children who they are concerned about.

During the meeting

- The meeting is non-judgemental. It is meant to help you as a teacher or year group team to identify next steps for the children.
- Work as a Year group team.
- Teachers leading and talking about the children/class – Not moderator or SLT.
- The teacher talks about what children can do and what they need to do to progress to the next points score.
- The Moderation and PPM Outcomes sheet will be completed during the sessions. It is used to identify next steps for children based on their point scores and will need to be copied and brought to the Pupil Progress Meeting as part of the discussion.

After the meeting

- All levels must be imputed onto the data tracker by the end of the second moderation twilight.
- Outcomes from this meeting will feed into the Pupil Progress Meetings and Pupil Conferencing the following week.

Pupil Progress Meetings Protocol

Preparations

- AHT for Assessment will produce a grid of the children not making progress and below the expected attainment.
- These grids, along with the full data analysis, will be sent CTs in advance of PPMs.
- Bring a copy of the tracker with the current point score for Reading, Writing and Numeracy.
- Teachers will also need to prepare the RWI assessment data for their class.
- The Assistant Headteacher for Assessment and the Admin Officer will prepare the Pupil Outcomes booklet prior to the meetings. This will contain data which has been analysed by different groups. Also, children not making progress and those below the expected points score for the Year group will be identified.

- Teachers will be expected to answer the following questions during the meeting so notes will need to be made in advance. The data can be found from the analysis produced by the Assistant Headteacher for Assessment:

Attainment and progress	
<ul style="list-style-type: none"> What percentage of your class is working at the expected point score for this AP? 	
<ul style="list-style-type: none"> What percentage of your class is working above the expected point score for this AP? 	
<ul style="list-style-type: none"> What percentage of your class is working below the expected point score for this AP? 	
<ul style="list-style-type: none"> Which pupils have not made expected progress? If children have not made the expected progress: <ul style="list-style-type: none"> -Why have they not made expected progress? -What actions have you already taken? -Attendance issues 	
<ul style="list-style-type: none"> What percentage have made accelerated progress? <ul style="list-style-type: none"> -What strategies have been successful? 	
<ul style="list-style-type: none"> If children are below in attainment: <ul style="list-style-type: none"> -Why have they not made expected progress? -What actions have you already taken? 	
Data Analysis Grid	
<ul style="list-style-type: none"> Are there any significant gaps between attainment or progress for specific groups? Advantaged/disadvantaged, boys/girls, ethnicity, NTE, attendance etc If there are significant gaps why is this? How are you going to close any gaps? 	

Last Review Date: Summer 2022

Next Review Date: Summer 2023

<ul style="list-style-type: none"> • Are the SEND pupils making progress? Is the gap closing? • What have you done to support pupils with SEND already? • How much progress have the children being assessed using PIVOTs made? What point score are they? 	
<ul style="list-style-type: none"> • What impact have interventions had on children's progress? Is the gap closing? 	
<ul style="list-style-type: none"> • How are you challenging the HA/High KS1 band children in your class? • Which strategies have been successful? • Which strategies do you need to try next? 	
Reading	
<ul style="list-style-type: none"> • How many guided reading sessions do you have per week? • Is a TA timetabled to work with a group during this time? • What strategies are you using during 'Class Novel' to raise standards in reading? • What are the key areas of focus in Reading for groups in your class? • Are you using the question stems from the Reading PAT? • Have children in KS1 been benchmarked? • If in KS2, have you benchmarked children with SEN working below a 23 point score? 	
Phonics	
<ul style="list-style-type: none"> • How many pupils in your class are still on the RWI phonics programme? (KS2) 	
<ul style="list-style-type: none"> • Which phases are your pupils on? 	
<ul style="list-style-type: none"> • Are they able to apply their knowledge of phonics to reading and writing? 	

Last Review Date: Summer 2022

Next Review Date: Summer 2023

<ul style="list-style-type: none"> • What are the next steps? (Incl. specific phoneme/grapheme that they are finding challenging – esp. KS1 for the Phonics Screening Check) 	
---	--

During the Meeting

- Your HoP and TA will be at the meeting.
- The teacher will be leading and talking about the class – not SLT.
- Teachers will be expected to answer specific questions above regarding their data
- Discuss children who are a concern, what has already been tried and what next steps are.
- From discussions, identify areas of strength and next steps for the class.
- Begin to think of appropriate interventions or children that may require pastoral support.
- Identify children who will need to speak to the Headteacher or HoP regarding specific concerns around attitude, behaviour and progress.

Pupil Conferencing and Target Setting Protocol

Each class teacher will be given half a day of cover which will either be a supply teacher or internal cover. The class teacher will collect children from the playground at the start of the school day and drop off the class at the end of the school day.

For ease and efficiency, you can put a table and 2 chairs outside your room.

Remember, the conference should be an enjoyable, although focused session in which the child is as engaged as the teacher.

1. Set the scene:

Establish the pupil's attitude toward the subject, eg. Maths or Writing. Possible questions:

Last Review Date: Summer 2022

Next Review Date: Summer 2023

- What do you feel about writing?
- Why do you think we write? Learn maths?
- Is there anything you find hard about...?
- Is there anything you are really good at in...?

2. Determine if pupils take risks as learners.

Using a recent piece of work, ask pupils to identify something they are proud of or something they really had to struggle with. If writing, are there any words they used even though they struggled with the spelling, if maths, which problem did they find most challenging?

3. Target setting

Highlight their strengths as learners, and work together to identify next steps to make their work even better. e.g. I need to work on sentence opener. Record this on the 'Progress Monitoring' Sheet. Also, complete a 'Target Sheet'. Four copies will need to be made so that they can be put in the inside cover of the Maths, Literacy, Topic and RE books. Children should refer to them during lessons so that the target can be achieved.

The PPM Pupil Outcomes sheet should be used to help identify targets for each point score group.

Targets will be shared with parents during parent meetings.

Once a target has been achieved, it should be crossed out on the target sheets and new ones added.

Strategy Meeting Protocol

All members of SLT, SMT and TLLs for Literacy and Maths will attend the Strategy meetings. The meetings will occur at each assessment point after the Pupil Progress Meetings have taken place.

The purpose of the Strategy meeting is to identify children not making the expected progress and put support in place so that the rate of progress accelerates. This could be in the form of an intervention for the child or children involved or it could be support for the class teacher in delivering quality first teaching.

Each Phase Manager will present the data for their phases based on:

- Groups attaining well/progressing well
- Groups not attaining well/progressing well
- What has already been tried
- What needs to be done next

Last Review Date: Summer 2022

Next Review Date: Summer 2023

The Interventions Manager will then discuss children from the phase that have received intervention and how this has impacted and any further interventions for the children identified above.

Appendix 4

New Early Years Points Score System

The Early Years curriculum changed in September 2021. Some of the areas of learning have changed as a result and are as follows:

Last Review Date: Summer 2022

Next Review Date: Summer 2023

Communication and Language	Listening, Attention and Understanding
	Speaking
Personal, Social and Emotional	Self-regulation
	Managing Self
	Building Relationships
Physical Development	Gross Motor Skills
	Fine Motor Skills
Literacy	Comprehension
	Word Reading
	Writing
Mathematics	Number
	Numerical Patterns
Understanding the World	Past and Present
	People, Cultures and Communities
	The Natural World
Expressive Arts and Design	Creating With Materials
	Being Imaginative and Expressive

The expectations by the end of Reception have been increased. This will better support the transition to the Year 1 curriculum.

Last Review Date: Summer 2022

Next Review Date: Summer 2023

As a result, the school has adjusted the tracking and points scoring system. By the end of the academic year, the school now expects 6 points of progress in Nursery and 4 points of progress in Reception.

This is a working document and will be updated accordingly.

AGE BAND SCORING SYSTEM			
Under 2	(Range 1 and 2)	6	
Under 2 ready for Nursery 2	(Range 3)	7	Nursery 2 Baseline
2 - 3 Year olds	Emerging (Range 4)	8	Nursery 2 Autumn
(NURSERY 2 Early Nursery)	Developing (Range 4)	9	Nursery 2 Spring
	Secure (Range 4 and beginning Range 5)	10	2 Yr Olds Summer Nursery Baseline
3 and 4 Year olds	Emerging (Range 5)	11	Nursery Autumn
(NURSERY)	Developing (Range 5)	12	Nursery Spring
	Secure (Range 5 and beginning Range 6)	13	Nursery Summer Reception Baseline
40 - 60+ Months	Emerging (Range 6)	14	Reception Autumn
(RECEPTION)	Developing (Range 6)	15	Reception Spring
	Secure ELG (2) (Range 6)	16	Reception Summer Ready for Y1

Points 11-16 are expected point scores for Nursery and Reception across the year.

Ranges in brackets link to the 'Birth to 5 Matters' document for further information.
