Equal Opportunities and the Single Equality Scheme

We believe that all those who work in Osmani - children and adults - have the right to be treated fairly and with respect by everyone connected with the school.

We aim for Osmani to be a safe, supportive place, where all children and adults feel valued as individuals, whatever their ability, age, disability, gender identity, marriage or civil partnership, pregnancy & maternity, race, religion or belief, sex and sexual orientation.

The school aims to foster the social and personal skills of cooperation, sharing and mutual respect.

This policy supports the school in addressing all of the UN Convention on the Rights of the Child.

Rationale

A Thematic Approach

We want pupils to feel confident to make links between the knowledge they are acquiring and to be able to use their skills to develop their understanding of key concepts and ideas. To this end we have designed a curriculum based around cross-curricular topics that change each half term.

Building on Prior Learning

There is good evidence that teaching subject knowledge and skills as part of a wider topic-based curriculum allows pupils to make useful links between subjects and different areas of learning. A thematic approach will support pupils to develop a deeper understanding of the key knowledge, concepts and skills in each subject by building on prior learning and making meaningful connections.

A curriculum for OUR school

We have carefully designed the thematic curriculum to ensure there is appropriate coverage of the National curriculum subjects, in a way that reflects our school community and supports our values and ethos as well as covering the programs of study in the National Curriculum. The Thematic Curriculum forms part of our whole school curriculum.

Monitoring of Teaching and Learning

The teaching and learning of SMSC is monitored through work surveys, planning, classroom observations and individual, class science assessment spreadsheets. The TLLs and members of the SMT will do this. Feedback will be given highlighting strengths and areas that need developing

SPIRITUAL DEVELOPMENT

Next Review Date: Autumn 2024

At Osmani Primary School we recognise that pupils who are developing spiritually are likely to develop some or all of the following characteristics:

- a set of values, principles and beliefs, which may or may not be religious, which inform their perspective on life and their patterns of behaviour;
- an awareness and understanding of their own and others' beliefs; a respect for themselves and for others;
- a sense of empathy with others, concern and compassion;
- an ability to show courage in defence of their beliefs;
- a readiness to challenge all that would constrain the human spirit, for example, poverty of aspirations, lack of self-confidence and belief, moral neutrality or indifference, fanaticism, aggression, greed, injustice, narrowness of vision, self-interest, sexism, racism and other forms of discrimination;
- an appreciation of the intangible – for example, beauty, truth, love, goodness, order, as well as for mystery, paradox and ambiguity;
- a respect for insight as well as knowledge and reason;

- an ability to think in terms of the 'whole' for example, concepts such as harmony, interdependence, scale, perspective; and an understanding of feelings and emotions and their likely impact.

Our School aims to encourage spiritual development by:

- giving pupils the opportunity to explore values and beliefs, including religious beliefs, and the way in which they impact on peoples' lives;
- encouraging pupils to explore and develop what animates themselves and others;
- giving pupils the opportunity to understand human feelings and emotions. The way they impact people and how an understanding of them can be helpful;
- developing a climate or ethos within which all pupils can grow and flourish, respect others and be respected; accommodating difference and respecting the integrity of individuals;
- promoting teaching styles which; value pupils' questions and give them space for their own thoughts, ideas and concerns;
- enable pupils to make connections between aspects of their learning; encourage pupils to relate their learning to a wider frame of reference – for example, asking 'why', 'how' and 'where' as well as 'what' questions; and monitoring in simple, pragmatic ways, the success of what is provided.
