

## 2014-2015 PE and Sports PREMIUM FUNDING

At Osmani Primary School, we believe that sports and extra-curricular clubs play an important role in promoting social inclusion, healthy lifestyle and self-confidence.

### What is the PE and Sports Premium?

From September 2013, the government is providing additional funding of £150 million per annum for academic years 2013/14 and 2014/15 to improve provision of physical education (PE) and sport in primary schools. We will receive **£9,730 per year (amount based on number of pupils in the school during January 2013 census)**. This funding - provided jointly by the Departments for Education, Health and Culture, Media and sport - will be allocated to primary school Headteachers and is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

### Purpose of the funding

All schools have to spend the sport funding on improving their provision of PE and sport, but there is freedom to choose how we do it. Our aim is to maintain the quality and quantity of sports and after-school clubs, inter and intra school competitions, as well as to raise opportunities for pupils to try different activities whilst raising participation numbers.

At Osmani Primary School we recognise the contribution of PE to the health and well-being of the children. We believe that an innovative and varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all children. Furthermore through sports and physical activity we aim to develop a greater awareness about dangers such as obesity, smoking and other such activities that can have a detrimental impact upon pupil health and well-being.

### Use of the funding at Osmani Primary School

The money will be used so that all children benefit regardless of their sporting ability. We will continue to place a high priority on our PE provision and, as such, have invested in additional staffing and resources to further enhance the PE curriculum as well as extra-curricular sports during lunchtime and after schools clubs.

**Other uses of the funding:**

- To pay for cover staff to undertake professional development opportunities.
- To pay for sports coaches during some PE sessions.
- To pay for specialist coaches to run after school clubs, such as *Healthy Lifestyles* and other specific sports.
- To pay for membership to the local School Sports Partnership (THSSP) which provides competitions, curriculum support and specialised sports coaches during PE lessons.
- Continuing Professional Development (CPD) and network meetings for PE subject leader.
- Access to the School Sports Coordinator who delivers sports festivals, provides support for Newly Qualified Teachers (NQTs) and the Primary Link Teacher (PLT) in their role.
- To provide a subsidy for those in need to access after school clubs.
- To pay for resources to be replenished and kept up to date.
- To help fund *Healthy Schools Week* within school.
