

Nursery Weekly Homework Week 7

Hello Everyone

October is Black History Month and we will be reading and learning about some aspects of Black Culture over the next 2 weeks. This week we will be reading *So Much* by Trish Cooke and thinking about 2D shapes. We would love to see any work that you are doing at home. To do this you can share the work on our Google classroom stream.

The Nursery Team

PE- exercise is very important so we encourage you to engage in some form of physical activity. This could be a video on youtube or a walk in your local area.

Maths

Our maths focus this week will be 2D Shapes. You can introduce your child to 2D shapes, naming them and talking about some of the properties.

Monday - listen to the [shape song](#). Stop the song after each shape and talk about how it looks. Think of things in your immediate environment that are the same as that shape.

Tuesday - listen to the song again. This time ask your child if they can find an item that is a similar shape in the immediate environment.

Wednesday - go on a shape hunt around your home.

Thursday - On paper cut out different shapes. Ask your child to make a picture using the shapes. Can they name the

shapes they decided to use?

Friday - Repeat the same activity from yesterday.

Daily Phonics

Sing some nursery rhymes with your child. You can make props and puppets together to make this even more engaging for your little one.

Literacy

Our learning intention will be to listen to a story and talk about the story..

In school this week we are reading So Much by Trish Cooke. You can listen to the story by [clicking here](#). In school the children will talk about the different characters and relate it to their own lives. You can do something similar at home whilst reading the story.

After reading the story, talk to your child about what they remember. Can they remember who came into the house and what they wanted to do to make the baby laugh?

Friday - Join the ideas store for [Story Time Online](#)

Topic

Creative - Do some cooking with your family. As part of Black History Month we will be watching Ready, Steady, Cook! and talking about the chef Ainsley Hariott. You can cook a meal with your child and pretend to be on the show or a chef just like Ainsley.

Understanding the world - Think about the family in the story, how are they similar or different to your own family?

Personal Social Health Education - Talk to your child about how they have changed since they were little. Go through family albums and pictures and talk to them about your life when you were little and how it is similar or different to theirs.

Music - Join Rebecca for some sensory sounds - <https://www.youtube.com/watch?v=MpcXAaHl8zY>

You can send pictures of your work to nursery@osmani.towerhamlets.sch.uk or post them in our **google classroom**.

Listening and Sound Games

BBC Listening Skills - a series of videos to support sound discrimination skills.

Copy Cat - clap out different rhythms at different speeds and ask your child to copy you.

Soft or Loud? - use instruments or other objects to make loud or soft/quiet noises. Ask your child if the sound they heard was quiet or loud.

Simon Says - give your child instructions e.g. Simon says clap your hands. If 'Simon says' they have to do the action if you just say the action without saying 'Simon says' they have to continue doing the previous action Simon said they should do.

Musical statues - when the music plays, you dance. When the music stops you have to freeze.

Magical Sound Box - Put different objects, such as keys, paper, beans in a bottle, etc., into a covered box, and then manipulate one of the objects asking a child to tell you what he or she

heard. You might need to introduce the child to different objects and sounds before playing this game.

What animal made that sound? - Have your child sit with his or her back to you, or put a scarf over his or her eyes. Make different animal sounds and have your child guess what animal makes that sound. Another way of playing this game is to give your child two animal toys or pictures of animals, and then ask him or her to point to the animal that makes the particular sound.

Phonics Bloom - sound discrimination game.

Phonics bloom has lots of fantastic phonics activities that cater to a wide range of activities.
