RE

Is it better to express your religion in arts and architecture or in charity and generosity?

Use the poetic lines of Al Ghazali (born 1058CE, over 950 years ago) to explore Muslim belief about Allah.

You might record them being spoken, whispered or shouted: which works best to make sense of them?

Which lines do you agree with, disagree with or don't understand.?

Create up to twelve lines of poetry that state your own key beliefs.

“He in his essence is one, without any partner.

Single without any similar

Eternal without any opposite.

Separate without any like

He is one, prior with nothing before him

From eternity without any beginning

Abiding in existence without any after him

To eternity without an end

Subsisting without ending

Abiding without termination

Measure does not bind him

Boundaries do not contain him.”
