Reception (Going into Year 1)

Literacy learning in the summer

Are you looking forward to the summer holidays? We are too! It's a wonderful time to

have lots of fun and learn in different ways.

Here are some tips and ideas for how to keep your learning going over the summer while you're away from school.

1. **Go to the Idea Store!**

Monday to Friday: 9am to 6pm.

Saturday and Sunday: 11am to 3pm

Visit their website or pop in and ask about the reading activities they run over the summer.

2. **Book Review**

Why not write a book review of the books you read during the holiday. Remember to include:

- The author and the title.
- What is the book about?
- Did you enjoy the book? Tell me why or why not?
- Draw a picture of the front cover.

Getting out and about in London.

Your child will go on lots more trips in Year 1.

Reception to Year 1

Teach them road safety.

Phonics is one of the first steps in learning to read. It helps your child decode words by making sense of the sounds. It will really help your child if they continue to practice the phonics they have already learnt.

Phonics websites

Science in the Summer

What's inside a balloon? Why does it rain? How can I make my bubbles bigger? These are tough questions but all you

need to answer them is natural curiosity and a love of science!

Here are some tips to help guide you in sparking your interest in science:
-Visit the Science and Natural History Museums and see wonderful galleries and exhibitions. I especially like the WonderLab (at the Science museum) as it's got some fantastic activities for you to investigate. But please note that you will have to buy a day pass for this interactive gallery. And although entry to the Science Museum is **free, pre-booking is required. So you must book a free Museum Admission ticket in order to enter the museum.**

Entry to the Natural History museum is also free but you **must pre book your free ticket** in advance.

Please ensure that you check the websites for up to date information before visiting.

Science challenge

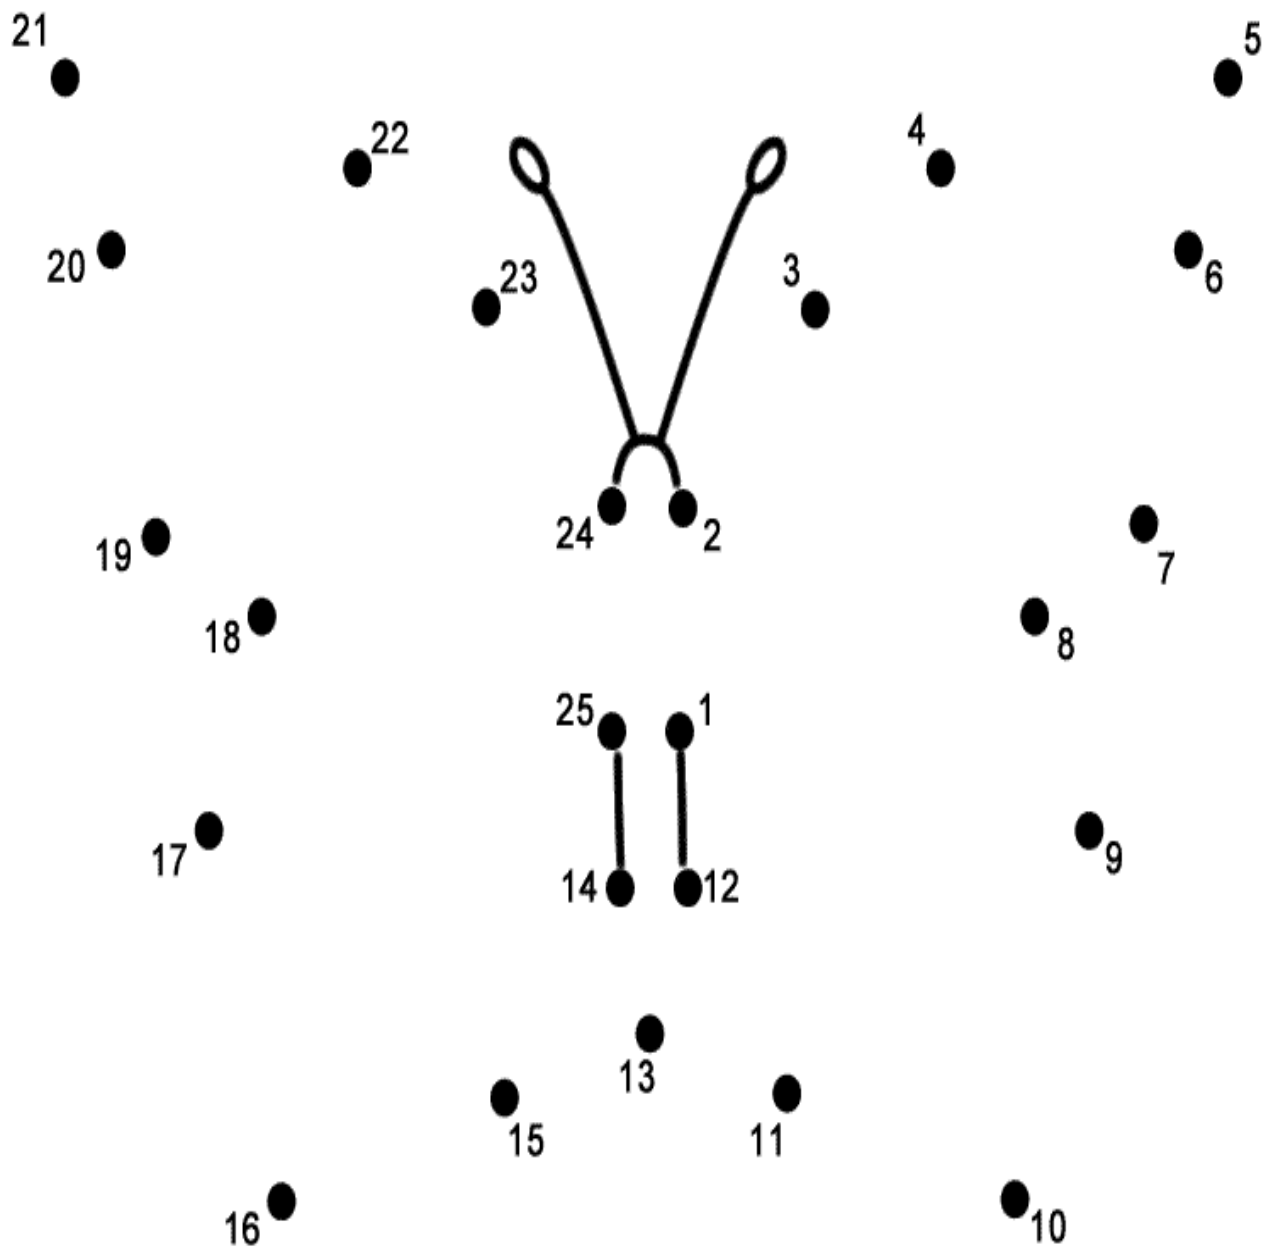

Don't forget to explore science around you:
See how many different Minibeasts you can find in your garden or local park?

- How would you record this information?
- How would you group them?
- Find 5 objects that sink and float in water.
- Does a balloon filled with milk sink or float and explain why?

Activity ideas: Put the Christmas story in the correct order. Number the pictures 1-6.

<p>Baby Jesus is born in a stable.</p>	<p>3 kings bring gifts.</p>	<p>The angel came to Mary.</p>
<p>The shepherds came.</p>	<p>Mary and Joseph go</p>	<p>No room at the inn.</p>

A healthy mind requires a healthy body. Visit one of the many beautiful parks in Tower Hamlets:

- Victoria Park
- Weavers Field
- Mile End Park

Take your child swimming or learn to ride a bike or scooter to stay fit.

You can also stay fit while at home. Click on any of the links below to join in the fitness fun!
