Changing ME

We are thinking about how the things we learn help us to grow. For example, when you are a baby, you can not walk, but once you learn to walk, it enables you to do many more things with more independence. Keeping that in mind, can you think of skills you have learned that have helped you to grow as a person?

Draw a picture of a flower and with every skill you have learned that has helped you grow, add a petal onto your flower. Inside the petal, write or draw the skill you have learned.

Some prompts if you get stuck - you have learned to:
walk, talk, read, write, ride a bike, swim, get dressed etc.
