Home Learning Activities

Year 1 – Autumn 1

Money Making different amounts using 5p 1p 2p coins. When shopping say which coins you could use to pay for things under 30p. 	**Place value** Talk about numbers in the environment – No.25 bus. What does each digit represent?	**Data Handling (Football results)** Which team/s scored the most/least number of goals? What is the difference between the highest score and the lowest score? If you add all of the goals together what is the total? 	**Counting** Practice counting, for example when you are walking up and down the stairs. Also, practice counting in 2s 5s and 10s.
2D Shapes and Pattern Go on a shape hunt around your house. Make a list of all the shapes that you find. When you are out, look for patterns in the environment such as a zebra crossing. 	**Time** Watching TV, what time does your favourite programme start/ finish? What time do you get up in the morning? What time do you have your breakfast? How long does it take you to eat it? What time do you go to bed? Look at the clock to check. 	**Measurement** Measure small items around the house using nonstandard units of measure, e.g. hands, feet. Which is the longest? Which is the shortest? 	**Number bonds** Try and find different ways to make 10 or 20.
