

Year 3 Project Homework

Title: Stones and Bones

The first homework project is due on Thursday 1st October 2026. The second homework project is due on Thursday 22nd October 2026.

For this project homework, can you please select one or more activities below and complete them. You will be given the opportunity to share your work with the rest of your class. Please ask for whatever paper you need from your teacher during the homework project.

This homework project is for the whole family to get involved with and we would encourage children to get help completing any of the activities.

Research about fossils and create an information sheet about the topic.	Make a plaster cast of a natural object (volcanoes) using paper mache	Make a timeline of prehistory – locate dinosaurs.	Find out if there are any active, dormant or extinct volcanoes in the UK and where?
Find out about volcanoes throughout history	Find out about where there are tectonic plate boundaries.	Find out information about different types of rocks and create a fact file.	Draw and label a picture of a volcano in its natural surroundings.

Free choice: Pick a project of your own to complete. Remember it has to be about our topic 'Stones and Bones'. **Try these websites at home.**
